SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55807; File No. SR-NSX-2007-06]

Self-Regulatory Organizations; National Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the Liquidity Provider Rebate Program for Transactions Executed Through NSX BLADE in Which the Order Delivery Mode of Interaction Has Been Selected

May 23, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 14, 2007, the National Stock Exchange, Inc. ("NSX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by the Exchange. NSX has filed the proposal pursuant to Section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing a change to its liquidity provider rebate program for transactions that are executed through NSX BLADE, the Exchange's new trading platform. The Exchange wishes to modify its liquidity provider rebate program for only those orders in which the User effecting such order has

chosen the order delivery mode of order interaction as set forth in NSX Rule 11.13(b)(2) ("Order Delivery"). The text of the proposed rule change is available at NSX, the Commission's Public Reference Room, and www.nsx.com.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NSX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange has created a new state of the art trading platform, known as NSX BLADE, which utilizes a strict price/time priority system. Pursuant to Exchange Rule 16.1(a), the Exchange maintains a Fee Schedule that contains its current fees, dues, and other charges applicable to transactions in NSX BLADE ("NSX BLADE Fee Schedule").

Currently, the NSX BLADE Fee Schedule provides for an execution fee of \$0.0030 per share for removing liquidity from NSX BLADE (in other words, a charge for taking liquidity against an order in NSX BLADE), and a rebate of \$0.0030 per share executed for adding liquidity into NSX BLADE (in other words, a rebate for the addition of liquidity to NSX BLADE, provided that it results in an execution through NSX BLADE) regardless of the mode of order interaction chosen by an ETP Holder. Thus, ETP Holders taking liquidity against an order in NSX BLADE are currently charged a fee of \$0.0030 per share executed, and ETP Holders providing liquidity into NSX BLADE are currently paid a rebate of \$0.0030 per share executed. Similarly, orders executed at less than \$1.00 per share will result in either a rebate or an execution fee for a dollar amount equal to 0.3% of the price per share, multiplied by the number of shares executed.

NSX Rule 11.13(b) establishes two separate modes of order interaction from which ETP Holders may choose: Automatic Execution and Order Delivery. The Exchange is proposing

that the NSX BLADE Fee Schedule be modified so that ETP Holders who have selected the Automatic Execution mode of order interaction pursuant to NSX Rule 11.13(b)(1) be granted rebates at a different rate than ETP Holders who have selected the Order Delivery mode of order interaction. Specifically, the Exchange is proposing that the rebate for adding liquidity for ETP Holders who have selected Order Delivery be reduced to \$0.0028 for orders executed at \$1.00 or more per share. The rebate for adding liquidity for ETP Holders who have selected Order Delivery for orders executed at less than \$1.00 per share will be reduced to 0.28% of the price per share, multiplied by the number of shares executed. The Exchange believes this change in its liquidity provider rebate is appropriate because the Order Delivery mode of order interaction involves greater cost and regulatory burden for the Exchange. All other liquidity taker fees and liquidity provider rebates will remain unchanged.

Pursuant to NSX Rule 16.1(c), the Exchange will "provide ETP Holders with notice of all relevant dues, fees, assessments and charges of the Exchange." Accordingly, ETP Holders will, simultaneously with this filing, be notified through the issuance of a Regulatory Circular of the changes to the NSX BLADE Fee Schedule.

The Exchange liquidity taker fees and liquidity provider rebates have been designed in this manner in order to ensure that the Exchange can continue to fulfill its obligations under the Act.

2. Statutory Basis

NSX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Sections 6(b)(4) of the Act,⁶ in particular, in that the proposal provides for the equitable allocation of reasonable dues, fees, and other charges.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(2) of Rule 19b-4 thereunder⁸ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by the self-regulatory organization. Accordingly, the proposal is effective upon Commission receipt of the filing. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-55804; File No. SR-NYSE-2007-21]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing of Proposed Rule Change and Amendment No. 1 Thereto Relating to Rule 92 (Limitations on Members' Trading Because of Customers' Orders)

May 23, 2007.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 23, 2007, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been substantially prepared by NYSE. On May 22, 2007, NYSE submitted Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NYSE proposes to amend Rule 92 to permit, among other things, members or member organizations to trade ahead of

a customer order if the purpose of the proprietary order is to execute, on a riskless principal basis, another order from a customer and to expand the consent provisions for trading along under Rule 92(b). The text of the proposed rule change is available at NYSE, the Commission's Public Reference Room, and www.nyse.com.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it had received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE Rule 92 in order to permit member organizations to combine multiple orders into a single order and to route the order to the Display Book[®] for execution on a riskless principal basis via Exchange execution systems. In addition, the Exchange proposes to change the notification and consent provision of Rule 92(b) to permit customers to provide affirmative blanket consent, subject to certain requirements, rather than the current requirement that members and member organizations obtain and document consent for members to trade along with customer orders on an order-by-order basis. Finally, the Exchange proposes adding an additional exemption to Rule 92 to permit a member organization in certain situations to enter Regulation NMS ("Reg. NMS") intermarket sweep orders at the Exchange, subject to certain conditions, including that the firm yield its principal executions to any open customer orders that are required to be protected by Rule 92. The Exchange proposes these changes to harmonize Rule 92 with similar rules of the NASD and to address the changes to the marketplace because of the implementation of NYSE's Hybrid Market and Reg. NMS.
