### Notice of Lodging of Consent Decree Under the Clean Air Act

Notice is hereby given that on May 17, 2007, a proposed Consent Decree in *United States v. Kerr-McGee Corporation*, Civil Action No. 07-CV-01034-WDM-MJW as lodged with the United States District Court for the District of Colorado.

The Consent Decree resolves claims by the United States against Kerr-McGee Corporation ("Kerr-McGee") under section 113 of the Clean Air Act, 42 U.S.C. 7413 at Kerr-McGee's Cottonwood Wash, Ouray, and Bridge compressor stations located on tribal lands in the Uinta Basin and in the Denver-Julesburg Basin in Weld County, Colorado. The Consent Decree will require Kerr-McGee to install low emission dehydrators, enclose flares on certain condensate storage tanks and replace pneumatic controllers with "low bleed" components and also install either catalytic controls on large engines or replace old engines with newer, lower emitting units. ## DEPARTMENT OF JUSTICE

[AAG/A Order No. 015-2007]

### Environmental and Natural Resources Division; Privacy Act of 1974; Removal of a System of Records Notice

Pursuant to the provisions of the Privacy Act of 1974 (5 U.S.C. 552a), the Department of Justice (Justice), Environment and Natural Resources Division (ENRD), is removing a published notice of a Privacy Act system of records entitled "Appraisers, Approved Attorneys, Abstractors and Title Companies Files Database System, Justice/ENRD-001." The system notice was published in the **Federal Register** on February 23, 2000, at 65 FR 8989; and a partial modification was published on October 20, 2005, at 70 FR 61159.

The system was comprised of a listing of practitioners deemed qualified to perform appraisals and provide title evidence in connection with land acquisitions by the United States, and was originally created as a procedural aid in connection with title reviews mandated by 40 U.S.C. 255 (now 40 U.S.C. 3111). More specifically, it was created pursuant to the "Standards for the Preparation of Title Evidence in Land Acquisitions by the United States" ["Standards"]. Maintaining the nationwide listing proved too unmanageable, however, and the ENRD discontinued its use when it replaced the old "Standards" with the new "Title Standards 2001," which created minimum national standards for use by local government agencies in approving providers of title evidence.

The database that was the subject of the Privacy Act notice was deleted by ENRD users from their Personal Computers (PCs) prior to 2002, and then was completely destroyed by ENRD's Office of Information Technology, in accordance with Departmental policy, when all Division PC's were replaced in 2002.

Therefore, the notice of "Appraisers, Approved Attorneys, Abstractors and Title Companies Files Database System" is removed from the Department's compilation of Privacy Act systems of records notices, effective on the date of publication of this notice.

Dated: May 22, 2007.
