

DEPARTMENT OF LABOR**Bureau of Labor Statistics****Proposed Collection; Comment Request****ACTION:** Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed reinstatement of the "Current Population Survey (CPS) Displaced Worker, Job Tenure, and Occupational Mobility Supplement" to be conducted in January 2008. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before August 6, 2007.

ADDRESSES: Send comments to Amy A. Hobby, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212, 202-691-7628. (This is not a toll free number.)

FOR FURTHER INFORMATION CONTACT: Amy A. Hobby, BLS Clearance Officer, 202-691-7628. (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The CPS Displaced Worker, Job Tenure, and Occupational Mobility supplement is conducted biennially and was last collected in January 2006.

This supplement will gather information on workers who have lost or left their jobs because their plant or company closed or moved, there was insufficient work for them to do, or their position or shift was abolished. Data will be collected on the extent to which displaced workers received advance notice of job cutbacks or the closing of

their plant or business. For those workers who have been reemployed, the supplement will gather data on the types of jobs they found and will compare current earnings with those from the lost job.

The incidence and nature of occupational changes in the preceding year will be queried. The survey also probes for the length of time workers (including those who have not been displaced) have been with their current employer. Additional data to be collected include information on the receipt of unemployment compensation, the loss of health insurance coverage, and the length of time spent without a job.

Because this supplement is part of the CPS, the same detailed demographic information collected in the CPS will be available on respondents to the supplement. Comparisons will be possible across characteristics such as sex, race, age, and educational attainment of the respondent.

The information collected by this survey will be used to determine the size and nature of the population affected by job displacements and the needs and scope of programs serving adult displaced workers. It also will be used to assess employment stability by determining the length of time workers have been with their current employer and estimating the incidence of occupational change over the course of a year. Combining the questions on displacement, job tenure, and occupational mobility will enable analysts to obtain a more complete picture of employment stability.

II. Current Action

Office of Management and Budget clearance is being sought for the CPS Displaced Worker, Job Tenure, and Occupational Mobility Supplement to the CPS.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Reinstatement, without change, of a previously approved collection for which approval has expired.

DEPARTMENT OF LABOR**Mine Safety and Health Administration****Technical Study Panel on the Utilization of Belt Air and the Composition and Fire Retardant Properties of Belt Materials in Underground Coal Mining**

AGENCY: Mine Safety and Health Administration (MSHA), Labor.

ACTION: Notice of meeting.

SUMMARY: This notice informs interested persons of the fourth meeting of the Technical Study Panel (Panel) on the Utilization of Belt Air and the Composition and Fire Retardant Properties of Belt Materials in Underground Coal Mining. The public is invited to attend.

DATES: The meeting will be held on June 20-21, 2007. The meetings on June 20

and 21 will start at 9 a.m. each day and conclude by 5 p.m.

ADDRESSES: The meeting location is the Best Western Birmingham Airport Hotel, 5216 Messer Airport Highway, Birmingham, AL 35212. (Telephone: 205-591-7900).

FOR FURTHER INFORMATION CONTACT:

Patricia W. Silvey, Director, Office of Standards, Regulations, and Variances, Mine Safety and Health Administration, 1100 Wilson Boulevard, Room 2350, Arlington, Virginia 22209; silvey.patricia@dol.gov (Internet e-mail), 202-693-9440 (voice), or 202-693-9441 (facsimile).

SUPPLEMENTARY INFORMATION: The Panel was created under section 11 of the Mine Improvement and New Emergency Response (MINER) Act of 2006 (Pub. L. 109-236). The purpose of the Panel is to provide independent scientific and engineering review and recommendations concerning the utilization of belt air and the composition and fire retardant properties of belt materials in underground coal mining. By December 2007, the Panel must submit a report to the Secretaries of Labor and Health and Human Services, the Senate Committee on Health, Education, Labor and Pensions, and the House Committee on Education and the Workforce. The first meeting of the Panel was held in Washington, DC on January 9–10, 2007. The second meeting of the Panel was held in Coraopolis, PA on March 28–30, 2007. The third meeting of the Panel was held in Salt Lake City, UT on May 16–17, 2007.

The agenda for the fourth meeting will include:

- (1) Panel of Atmospheric Monitoring System (AMS) manufacturers;
- (2) Discussion of sensor technologies and current AMS capabilities;
- (3) General discussion of belt air issues with representatives of industry and labor; and
- (4) Public input.

The panel will allocate time at the end of each day for presentations by members of the public. MSHA expects the amount of time allocated for public participation to be approximately one hour, but it may vary based on the interest expressed by the public. MSHA will also accept written submissions.

MSHA requests that persons planning to participate in the public input session of this meeting notify the Agency at least one week prior to the meeting date. There will be an opportunity for other persons, who have not made prior arrangements with MSHA and wish to speak, to register at the beginning of the meeting each day. Speakers should limit

their presentations to five minutes, but may supplement oral remarks with written submissions. MSHA will incorporate written submissions into the official record, which includes a verbatim transcript, and make them available to the public. The Panel Chairman will moderate the public participation session, and panelists may ask the speakers questions.

The public may inspect the official record of the meetings at the MSHA address listed above under the heading **FOR FURTHER INFORMATION CONTACT**. In addition, this information will be posted on the Agency's single source Web page titled "The Technical Study Panel on the Utilization of Belt Air and the Composition and Fire Retardant Properties of Belt Materials in Underground Coal Mining Single Source Page." The Single Source page is located at <http://www.msha.gov/BeltAir/BeltAir.asp>.

Dated: June 1, 2007.

Richard E. Stickler,

Assistant Secretary for Mine Safety and Health.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Privacy Act of 1974, as Amended; System of Records Notices

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice to revise an existing system of records.

SUMMARY: The National Archives and Records Administration (NARA) is amending a system of records notice in its existing inventory of record systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. NARA also proposes to revise its routine uses (found in Appendix A) to incorporate routine use language recommended by the President's Task Force on Identity Theft. In this notice, NARA publishes a revision to NARA 23, Office of Inspector General Investigative Case Files, for comment.

DATES: Effective Dates: The establishment of the revised system NARA 23 and the revised Appendix A will become effective without further notice on July 6, 2007, unless comments received on or before that date cause a contrary decision. If changes are made based on NARA's review of comments received, a new final notice will be published.

ADDRESSES: NARA invites interested persons to submit comments on this system notice. Comments may be submitted by any of the following methods:

- **Mail:** Send comments to: Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001.
- **Fax:** Submit comments by facsimile transmission to: 301-837-0293.
- **E-Mail:** Send comments to ramona.oliver@nara.gov.

FOR FURTHER INFORMATION CONTACT:

Ramona Branch Oliver, Privacy Act Officer, 301-837-2024 (voice) or 301-837-0293 (fax).

SUPPLEMENTARY INFORMATION: The NARA system of records notices subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register**. They are available on the Internet at <http://www.archives.gov/foia/privacy-program/inventory.html> or from the Privacy Act Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD, 20740-6001.

The notice for NARA 23 is being revised in the following areas:

- **Name of System:** The name of the system has changed from Investigative Case Files to Office of Inspector General Investigative Case Files.

- **Security Classification:** The reference to the prevailing Executive Order on national security classification is updated to read EO 12958, as amended.

- **Authority for Maintenance of the System:** References to 44 U.S.C. 2104(h) and Executive Orders 10450, 11246, and 11478 are removed.

- **Routine Uses of Records Maintained in the System:** The routine use statements specific to NARA 23 have been completely revised.

Appendix A is amended by adding new routine use H—Data Breach incorporating the suggested language from the President's Identity Task Force.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that information is current and accurate for its intended use, and that adequate safeguards are provided to prevent misuse of such information.
