k. *Description of Request:* Energy Northwest proposes to install a permanent tailrace barrier within the existing tailrace canal for the purpose of preventing fish, both resident and anadromous, from traveling up the project tailrace and stilling basin. Such delays in migration could result in delayed spawning or pre-spawning mortality. Construction is planned for October 2007. The licensee has consulted with federal and state resource agencies in the barrier's design and in developing its proposal.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. [Docket No. RM98-1-000]

Records Governing Off-the-Record Communications; Public Notice

May 30, 2007.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who

make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of external peer review panel meeting.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing an external peer review panel meeting to review the draft Final Report for the Alternative Asbestos Control Method (AACM) Demonstration Project. The U.S. EPA conducted a controlled demonstration to evaluate the AACM alongside the current National Emissions Standards for Hazardous Air Pollutants (NESHAP) method in a remote, secure location at Fort Chaffee, Arkansas. To facilitate side-by-side comparison, the demonstration used two similar structures with asbestos-containing materials. Additional information about this research project, including a description of the AACM and the project schedule, is available at <http://epa.gov/region6/6xa/asbestos.htm>.

DATES: A public comment period for the draft Final Report is currently open and will last until June 14, 2007.
