Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Needs and Uses: This study will determine how the next generation of scientists, frequently referred to as the 'Millennial Generation,' will seek scientific information in their research. This generation was born between 1982 and 2000 and has grown up with information technology. General studies show this population has technological preferences for receiving and integrating content, and this study is to learn if this extends to the scientific content among young scientists. It will identify most useful (and most desired) devices and formats, so that the NIST's Information Services Division can plan to serve the next generation of scientists. The project plans to use SURF students who work at NIST every summer as the test population.

Affected Public: Individuals or households.

Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom: Preliminary Results of Antidumping Duty Administrative Reviews and Intent to Rescind Review in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the Department of Commerce (the Department) is conducting administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, Singapore, and the United Kingdom. The merchandise covered by these orders are ball bearings and parts thereof (ball bearings) from France, Germany, Italy, Japan, Singapore, and the United Kingdom. The reviews cover 21 manufacturers/exporters. The period of review is May 1, 2005, through April 30, 2006.

We have preliminarily determined that sales have been made below normal value by various companies subject to these reviews. If these preliminary results are adopted in our final results of administrative reviews, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries.

We invite interested parties to comment on these preliminary results. Parties who submit comments in these reviews are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument.

EFFECTIVE DATE: June 6, 2007.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun or Richard Rimlinger, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5760 and (202) 482-4477, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 15, 1989, the Department published in the **Federal Register** (54 FR 20900-10) the antidumping duty orders on ball bearings from France, Germany, Italy, Japan, Singapore, and the United Kingdom. On July 3, 2006, in accordance with 19 CFR 351.213(b), we published a notice of initiation of administrative reviews of these orders (71 FR 37892). On October 16, 2006, we announced the rescission of the reviews with respect to certain firms for which we received timely withdrawals of the requests to review these firms (71 FR 60688). On January 18, 2007, we extended the due date for the completion of these preliminary results of reviews from January 31, 2007, to March 19, 2007 (72 FR 2261). On March 23, 2007, we extended the due date for the completion of these preliminary results from March 19, 2007, to April 2, 2007 (72 FR 13743). On April 5, 2007, we extended the due date for the completion of these preliminary results from April 2, 2007, to May 31, 2007 (72 FR 16764).

On August 28, 2006, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act), the International Trade Commission determined that revocation of the antidumping duty order on ball bearings from Singapore would not be likely to lead to continuation or recurrence of material injury. See *Certain Bearings from China, et al.: Investigation Nos. 731-TA-344, et al. (Second Review)* (USITC Publication 3876, August 28, 2006). As a result of this determination, the Department revoked the antidumping duty order on ball bearings from Singapore, effective as of July 11, 2005. See *Antifriction Bearings and Parts Thereof from France and Singapore: Revocation of Antidumping Duty Orders*, 71 FR 54468 (September 15, 2006). Therefore, the period covered by the administrative review of the order on ball bearings from Singapore is May 1, 2005, through July 10, 2005. For the remaining orders subject to these administrative reviews, the period of review covered is May 1, 2005, through April 30, 2006. The Department is conducting these administrative reviews in accordance with section 751 of the Act.

In a September 18, 2006, submission, KYK stated that its predecessor-in-interest, Tottori Yamakai Bearing Seisakusho Ltd., used the trade name "KYK" and produced finished bearings in Japan from 1952 until it went bankrupt in 2000.
