*The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS’ NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do. Upon finding a Canadian laboratory to be qualified, HHS will recommend that the contractor just as U.S. laboratories do.

Federal Emergency Management Agency

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) has submitted the following information collection to the Office of Management and Budget (OMB) for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission describes the nature of the information collection, the categories of respondents, the estimated burden (i.e., the time, effort and resources used by respondents to respond) and cost, and includes the actual data collection instruments FEMA will use.

Title: National Flood Insurance Program—Mortgage Portfolio Protection Program (MPPP).

OMB Number: 1660–0086.

Abstract: The MPPP is a mechanism used by lending institutions mortgage servicing companies, and others servicing mortgage loan portfolios to bring the mortgage loan portfolios into compliance with the flood insurance purchase requirements of the Flood Disaster Protection Act of 1973, as amended. Implementation of various requirements of the MPPP should result in mortgagors, following receipt of notification of the need for flood insurance, showing evidence of such a policy or purchasing the necessary insurance through their local insurance agent or appropriate Write Your Own (WYO) Company. It is intended that MPPP policies be written under the MPPP only as a last resort, and only on mortgages whose mortgagors have failed to respond to the various notification.
