BROADCASTING BOARD OF GOVERNORS

Notice of Sunshine Act Meeting

DATE AND TIME: Tuesday, June 12, 2007 1:45–2:45 p.m.

PLACE: RFE/RL Broadcast Center, Room 546, Prague, Czech Republic.

CLOSED MEETING: The members of the Broadcasting Board of Governors (BBG) will meet in closed session to review and discuss a number of issues relating to U.S. Government-funded non-military international broadcasting. They will address internal procedural, budgetary, and personnel issues, as well as sensitive foreign policy issues

relating to potential options in the U.S. international broadcasting field. This meeting is closed because if open it likely would either disclose matters that would be properly classified to be kept secret in the interest of foreign policy under the appropriate executive order (5 U.S.C. 552b.(c)(1)) or would disclose information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. (5 U.S.C. 552b.(c)(9)(B)) In addition, part of the discussion will relate solely to the internal personnel and organizational issues of the BBG or the International Broadcasting Bureau. (5 U.S.C. 552b.(c)(2) and (6))

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Quarterly Financial Report.

Form Number(s): QFR-200(MT), QFR-201(MG).

Agency Approval Number: 0607-0432.

Type of Request: Extension of a currently approved collection.

Burden Hours: 71,568.

Number of Respondents: 8,651.

Average Hours per Response: QFR-200 (MT)—3 hours and 2 minutes; and QFR-201(MG)—1 hour and 12 minutes.

Needs and Uses: The Quarterly Financial Report (QFR) Program has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. It is a principal economic indicator that also provides financial data essential to calculation of key U.S. Government measures of national economic performance. The forms used in conducting the QFR Program are Form QFR-200 (MT)—Long Form and Form QFR-201 (MG) Short Form.

Filing of the long form, basically an income statement and balance sheet, is

required quarterly of Manufacturing, Mining, Wholesale Trade and Retail Trade corporations generally with \$50 million or more in assets at the time of sampling. The short form is a simplified version of the long form and is required to be filed quarterly by Manufacturing corporations generally with less than \$50 million in assets at the time of sampling.

The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, Section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109–79, Section 91 extended the authority of the Secretary of Commerce to conduct the QFR Program through September 30, 2015.

The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

Affected Public: Business or other for-profit organizations.

Frequency: Quarterly.

Respondent's Obligation: Mandatory.

Legal Authority: 13 U.S.C., Section 91; Pub. L. 109–79, Section 91.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395–7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Brian Harris-Kojetin, OMB Desk Officer either by fax (202–395–7245) or e-mail (bharrisk@omb.eop.gov).

Dated: June 4, 2007.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Conflict of Interest Disclosure for Nonfederal Government Individuals Who Are Candidates to Conduct Peer Reviews Required by the OMB Peer Review Bulletin.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Regular submission.

Burden Hours: 150.

Number of Respondents: 300.

Average Hours Per Response: 30 minutes.

Needs and Uses: The Office of Management and Budget (OMB) has issued the Final Information Quality Bulletin for Peer Review (“Peer Review Bulletin” or PRB), directing federal agencies to adopt or adapt the National Academy of Sciences (NAS) policy for evaluating conflicts of interest when selecting peer reviewers who are not federal government employees. NOAA has adapted the NAS policy and developed two conflict disclosure forms which the agency will use to examine prospective reviewers’ potential financial conflicts and other interests that could impair objectivity or create an unfair advantage. One form is for peer reviewers of studies related to government regulation and the other form is for peer reviewers of any other influential scientific information subject to the Peer Review Bulletin. The forms include questions about employment as well as investment and property interests and research funding. The information collected in the conflict of interest disclosure is essential to NOAA’s compliance with the OMB PRB, and helps to ensure that government studies are reviewed by independent, impartial peer reviewers.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 6625, 14th and

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Generic Clearance for Questionnaire Pretesting Research.

Form Number(s): Various.

Agency Approval Number: 0607–0725.

Type of Request: Extension of a currently approved collection.

Burden Hours: 5,500.

Number of Respondents: 5,500.

Average Hours Per Response: 1 hour.

Needs and Uses: In recent years, there has been an increased interest among Federal agencies and others in the importance of testing questionnaires. In response to this recognition, new methods have come into popular use, which are useful for identifying questionnaire and procedural problems, suggesting solutions, and measuring the relative effectiveness of alternative solutions.

The Census Bureau received a generic clearance which enables it to quickly begin conducting extended cognitive and questionnaire design research as part of testing for its censuses and surveys. At this time, the Census Bureau is seeking another three-year renewal of the generic clearance for pretesting. This will enable the Census Bureau to continue providing support for pretesting activities, which is important given the length of time required to plan the activities.

The methods proposed for use in questionnaire development are as follows: Field test, Respondent debriefing questionnaire, Split sample
