

street attribute updates; and legal boundary updates. Governments electing to participate in the LUCA program also provide program contact information, certification of their agreement to maintain the confidentiality of the Census Bureau address information, responses regarding their physical and information technology security capabilities, program option and product media preference information, shipment inventory information, and certification of their return/destruction of materials containing confidential data. The program will be available to tribal, state, and local governments, and the District of Columbia and Puerto Rico (or their designated representatives) in areas for which the Census Bureau performs a precensus address canvassing operation (excluded are sparsely settled areas in the states of Alaska and Maine). The LUCA program includes federally recognized American Indian tribes with reservations and/or off-reservation trust lands, states, and general-purpose local governments, such as cities and townships, for which the Census Bureau reports data. This information collection will occur between August 2007 and April 2008.

The information to be collected in the LUCA Program is essential to the mission of the Census Bureau and will directly contribute to the successful outcome of Census 2010. The Census Bureau will use the LUCA program to help develop the housing unit and group quarters (e.g., college dormitory, nursing home, correctional facility, etc.) address information that it will need to conduct the 2010 Decennial Census. Because tribal, state, and local governments have current knowledge of and data about where housing growth and change are occurring in their jurisdictions, their input into the overall development of the address list for the census makes a vital contribution.

The Census Bureau requests expedited OMB approval of the LUCA Program by July 15, 2007.

Affected Public: State, local and Tribal governments.

Frequency: One-time.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 16.

OMB Desk Officer: Brian Harris-Kojetin, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington,

DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent by July 15, 2007 to Brian Harris-Kojetin, OMB Desk Officer either by fax (202-395-7245) or e-mail (bharrisk@omb.eop.gov).

Stainless Steel Bar from Germany: Notice of Correction of Preliminary Results of the New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 15, 2007.

FOR FURTHER INFORMATION CONTACT: Damian Felton or Brandon Farlander, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-0133 or (202) 482-0182, respectively.

Correction:

On March 19, 2007, the Department of Commerce ("the Department") published the preliminary results of the new shipper review for stainless steel bar from Germany. *See Stainless Steel Bar from Germany: Preliminary Results of New Shipper Review*, 72 FR 12765 (March 19, 2007) ("Preliminary Results"). Subsequent to publication of the *Preliminary Results*, we identified an inadvertent error in the number of days specified for the issuance of the final results of this new shipper review.

On page 12767, in the first column, under the heading "Preliminary Results of Review," on the 36th line, the following sentence should read, "The Department will issue final results of this new shipper review, including the results of our analysis of the issues raised in any such written comments or at a hearing, within 120 days of publication of these preliminary results."

Conclusion

This notice serves solely to correct the number of days specified for the

issuance of the final results of this new shipper review as it was listed in the *Preliminary Results* (90 to 120 days). The Department's findings in the *Preliminary Results* remain unchanged. This notice is issued and published in accordance with section 777(i) of the Tariff Act of 1930, as amended.

Notice of Extension of the Deadline for Determining the Adequacy of the Antidumping Duty Petitions: Certain Steel Nails from the People's Republic of China and the United Arab Emirates

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 15, 2007.

FOR FURTHER INFORMATION CONTACT:

Matthew Renkey (People's Republic of China) or David Goldberger (United Arab Emirates), AD/CVD Operations, Offices 2 and 9, Import Administration, International Trade Administration,

U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2312 or (202) 482-4136, respectively.

SUPPLEMENTARY INFORMATION:

Initiation of Investigations

The Petitions

On May 29, 2007, the Department of Commerce (Department) received antidumping duty petitions (petitions) filed by Mid Continent Nail Corporation, Davis Wire Corporation, Gerdau Ameristeel Corporation (Atlas Steel & Wire Division), Maze Nails (Division of W.H. Maze Company), and Treasure Coast Fasteners, Inc. (collectively, the petitioners) on behalf of the domestic industry producing certain steel nails.

Determination of Industry Support for the Petition

Section 732(b)(1) of the Tariff Act of 1930, as amended (the Act), requires that a petition be filed by or on behalf of the domestic industry. Section 732(c)(4)(A) of the Act provides that the Department's industry support determination be based on whether a minimum percentage of the relevant industry supports the petition. A petition meets this requirement if the domestic producers or workers who support the petition account for: (i) at least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, section 732(c)(4)(D) of the Act provides that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the Department shall: (i) poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A), or (ii) if there is a large number of producers, determine industry support using a statistically valid sampling method to poll the industry.

Extension of Time

Section 732(c)(1)(A)(ii) of the Act provides that within 20 days of the filing of an antidumping duty petition, the Department will determine, inter alia, whether the petition has been filed by or on behalf of the U.S. industry producing the domestic like product. Section 732(c)(1)(B) of the Act provides that the deadline for the initiation

determination, in exceptional circumstances, may be extended by 20 days in any case in which the Department must "poll or otherwise determine support for the petition by the industry." Because it is not clear from the petition whether the industry support criteria have been met, the Department has determined to extend the time for initiating an investigation in order to poll the domestic industry. On June 1, 2007, the Department began issuing polling questionnaires to all known domestic producers of certain steel nails identified in the petition. The questionnaires are on file in the Central Records Unit in room B-099 of the main Department of Commerce building. The Department requested that each company complete the polling questionnaire and fax their responses to the Department.

The Department will need additional time to analyze the domestic producers' responses to this request for information. Therefore, it is necessary to extend the deadline determining the adequacy of the petition for a period not to exceed 40 days from the filing of the petition. As a result, the initiation determination will now be due no later than July 9, 2007.

International Trade Commission Notification

The Department will contact the International Trade Commission (ITC) and will make this extension notice available to the ITC.

Dated: June 11, 2007.

Deputy Assistant Secretary for Import Administration.
