

Immediately following this workshop, EPA is sponsoring a workshop entitled "Oxides of Nitrogen and Sulfur (NO_x/SO_x) Secondary National Ambient Air Quality Standards (NAAQS) Workshop." These workshops are being held in close coordination because EPA has recognized that some overlap is likely in the issues discussed and areas of expertise involved in the review of secondary standards for PM, Oxides of Nitrogen (NO_x), and Sulfur Oxides (SO_x).

Colorado State Plan for Certification of Applicators of Restricted Use Pesticides; Notice of Approval

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In the *Federal Register* of December 22, 2006, EPA issued a notice announcing its intent to approve an amended Colorado State Plan for the certification of applicators of restricted use pesticides contingent upon Colorado's promulgation of appropriate revised State Rules and Regulations pertaining to the Administration and Enforcement of the Colorado Pesticide Applicators' Act by January 1, 2007. In that notice, EPA solicited comments from the public on the proposed action to approve the amended Colorado State Plan. The amended Certification Plan Colorado submitted to EPA contained several statutory, regulatory, and programmatic changes to its current Certification Plan. The proposed amendments provide details for the certification of both private and commercial pesticide applicators and subsequent enforcement of pesticide laws and regulations pursuant to the Colorado Pesticide Applicator's Act. In addition, the amended State Plan adds three new commercial pesticide applicator subcategories. No comments were received in response to that *Federal Register* notice and Colorado promulgated the appropriate revised State Rules and Regulations pertaining to the Administration and Enforcement of the Colorado Pesticide Applicators' Act on January 1, 2007. Therefore, EPA

hereby approves the amended Colorado State Plan.
