Golden Ratio Woodworks; Emigrant, MT; Notice of Affirmative Determination Regarding Application for Reconsideration

On May 27, 2007, the U.S. Department of Labor (Department) received a request for administrative reconsideration of the Department's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The negative determination was issued on May 1, 2007. On May 17, 2007, the Department's Notice of Determination was published in the **Federal Register** (72 FR 27855). Workers produce massage tables, chairs, and accessories.

The negative determination was based on the Department's findings that the subject firm did not shift production abroad and that the subject firm's major declining customers' imports did not contribute importantly to workers' separations.

In the request for reconsideration, the workers alleged that increased subject firm imports and increased foreign

competition contributed to workers' separations.

The Department has carefully reviewed the workers' request for reconsideration and has determined that the Department will conduct further investigation.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 11th day of June 2007.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

Pine River Plastics, Inc. Including On-Site Leased Workers from Kelly Services, Manpower and Pinnacle Staffing St. Clair, Michigan; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on April 23, 2007, applicable to workers of Pine River Plastics, Inc., St. Clair, Michigan. The notice was published in the **Federal Register** on May 9, 2007 (72 FR 26424).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of plastic injection molded parts.

The review of the investigation file shows that the Department inadvertently omitted the leased workers from Kelly Services, Manpower and Pinnacle Staffing who were engaged in employment related to the production on-site at the St. Clair, Michigan location of Pine River Plastics, Inc.

Based on these findings, the Department is amending this

certification to include leased workers of Kelly Services, Manpower and Pinnacle Staffing working on-site at Pine River Plastics, Inc., St. Clair, Michigan.

The intent of the Department's certification is to include all workers employed at Pine River Plastics, St. Clair, Michigan who were adversely affected by increased imports.

The amended notice applicable to TA-W-61,094 is hereby issued as follows:

"All workers of Pine River Plastics, Inc., including on-site leased workers of Kelly Services, Manpower and Pinnacle Staffing, St. Clair, Michigan, who became totally or partially separated from employment on or after March 9, 2006, through April 23, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Primary Staffing Services, Inc. Workers Employed at Pearson Artworks a Division of Pearson Education, Inc. York, PA; Notice of Negative Determination on Reconsideration

On May 4, 2007, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on May 11, 2007 (72 FR 26848-26849).

The petition for the workers of Primary Staffing Services, Inc. employed at Pearson Artworks, a division of Pearson Education, Inc., York, Pennsylvania engaged in computer entry, project management, status communication, file delivery, and quality assurance activities related to the production of WEB based line art illustrations was denied because imports of WEB based line art illustrations did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

The petitioner filed a request for reconsideration in which the petitioner alleged that Pearson Artworks shifted
