Golden Ratio Woodworks; Emigrant, MT; Notice of Affirmative Determination Regarding Application for Reconsideration

On May 27, 2007, the U.S. Department of Labor (Department) received a request for administrative reconsideration of the Department's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The negative determination was issued on May 1, 2007. On May 17, 2007, the Department's Notice of Determination was published in the **Federal Register** (72 FR 27855). Workers produce massage tables, chairs, and accessories.

The negative determination was based on the Department's findings that the subject firm did not shift production abroad and that the subject firm's major declining customers' imports did not contribute importantly to workers' separations.

In the request for reconsideration, the workers alleged that increased subject firm imports and increased foreign

competition contributed to workers' separations.

The Department has carefully reviewed the workers' request for reconsideration and has determined that the Department will conduct further investigation.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 11th day of June 2007.

Certifying Officer, Division of Trade Adjustment Assistance.

Pine River Plastics, Inc. Including On-Site Leased Workers from Kelly Services, Manpower and Pinnacle Staffing St. Clair, Michigan; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on April 23, 2007, applicable to workers of Pine River Plastics, Inc., St. Clair, Michigan. The notice was published in the **Federal Register** on May 9, 2007 (72 FR 26424).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of plastic injection molded parts.

The review of the investigation file shows that the Department inadvertently omitted the leased workers from Kelly Services, Manpower and Pinnacle Staffing who were engaged in employment related to the production on-site at the St. Clair, Michigan location of Pine River Plastics, Inc.

Based on these findings, the Department is amending this

certification to include leased workers of Kelly Services, Manpower and Pinnacle Staffing working on-site at Pine River Plastics, Inc., St. Clair, Michigan.

The intent of the Department's certification is to include all workers employed at Pine River Plastics, St. Clair, Michigan who were adversely affected by increased imports.

The amended notice applicable to TA-W-61,094 is hereby issued as follows:

"All workers of Pine River Plastics, Inc., including on-site leased workers of Kelly Services, Manpower and Pinnacle Staffing, St. Clair, Michigan, who became totally or partially separated from employment on or after March 9, 2006, through April 23, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Primary Staffing Services, Inc. Workers Employed at Pearson Artworks a Division of Pearson Education, Inc. York, PA; Notice of Negative Determination on Reconsideration

On May 4, 2007, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on May 11, 2007 (72 FR 26848-26849).

The petition for the workers of Primary Staffing Services, Inc. employed at Pearson Artworks, a division of Pearson Education, Inc., York, Pennsylvania engaged in computer entry, project management, status communication, file delivery, and quality assurance activities related to the production of WEB based line art illustrations was denied because imports of WEB based line art illustrations did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

The petitioner filed a request for reconsideration in which the petitioner alleged that Pearson Artworks shifted

the production of textbook illustrations from York, Pennsylvania to Canada, thus causing separations of workers from the subject firm.

A company official was contacted for clarification in regard of a shift in production to Canada. The official stated that there was no shift in production of textbook illustration functions from Pearson Education, Inc., York, Pennsylvania to Canada in 2006 and January of 2007. The official emphasized that the reason of decreasing production of textbook illustrations at the facility in York, Pennsylvania lies behind "an overall business strategy" of Pearson Artworks to shift its focus away from volume illustrations to more of a research and development model.

The petitioner also disagreed with the previous findings that "worker separation at the subject firm was due to a change from manual to automated work processes and not to imports or shift in production" and alleged that "no new automated processes were implemented during the course of workers employment that would eliminate their services."

The company official informed that contrary to petitioners' statements, the workers of the Primary Staffing Services, Inc. were no longer needed because Pearson Education, York, Pennsylvania "developed internal process that streamlined the workflow, thus decreasing the number of employees needed to perform the tasks of the Company's operations in its York office." In particular, the official clarified that these new processes included Manuscript Maker, which automates the creation of art manuscript and visual assets database, Proof Maker and Correction script, which provide automated art proofs and corrections, Media and new automated shipping methods via FedEx and UPS installed computers.

The investigation on reconsideration supported the findings that imports of WEB based line art illustrations did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred.

Conclusion

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Primary Staffing Services, Inc., workers employed at Pearson Artworks, a division of Pearson Education, Inc., York, Pennsylvania.

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and a Negative Determination Regarding Eligibility to Apply for Alternative Trade Adjustment Assistance on May 10, 2007, applicable to workers of American & Efird, Inc., d/b/a Robison Anton Textile Company, Fairview Division, Fairview, New Jersey. The notice was published in the **Federal Register** on May 24, 2007 (72 FR 29181).

Accordingly, the Department is amending the certification to reflect its finding.

The amended notice applicable to TA-W-61,254 is hereby issued as follows:

Romar Textile Co., Inc.; Wampum, PA; Notice of Revised Determination on Reconsideration

On May 25, 2007, the Department issued an Affirmative Determination Regarding Application on Reconsideration applicable to workers and former workers of the subject firm. The notice was published in the **Federal Register** on June 7, 2007 (72 FR 31613).

The previous investigation initiated on March 16, 2007, resulted in a negative determination issued on March 29, 2007, was based on the finding that workers of the subject firm do not produce an article or support production of an article within the meaning of Section 222 of the Act. The denial notice was published in the **Federal Register** on April 10, 2007 (72 FR 17938).

In the request for reconsideration, the petitioner provided additional information regarding production at Romar Textile Co., Inc. Upon further contact with the company official, it was revealed that the subject facility supported production of pillow covers and dust ruffles in 2005 and January through May of 2006.

The investigation on reconsideration also revealed that Romar Textile Co., Inc., Wampum, Pennsylvania supplied pillow covers and dust ruffles to one customer. A survey of this declining customer revealed an absolute increase in imports of pillow covers and dust ruffles from 2004 to 2005 and in January through May of 2006 when compared with the same period in 2006. The imports accounted for a meaningful portion of the subject firm's lost sales or production.

In accordance with Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor
