DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 2

RIN 2900–AM66

Delegations of Authority: Office of Regulation Policy and Management (ORPM)

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends the Department of Veterans Affairs regulation containing delegations of authority to the Assistant to the Secretary for Regulation Policy and Management. The amendments are intended to reflect changes in delegations of authority and to comply with Executive Order 12866 as recently amended, which requires that the position of Regulatory Policy Officer in each agency be filled by a Presidential Appointee.

DATES: *Effective Date:* June 22, 2007.

FOR FURTHER INFORMATION CONTACT: Robert C. McFetridge, Assistant to the Secretary for Regulation Policy and Management (00REG), Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420, telephone (202) 273–9215.

SUPPLEMENTARY INFORMATION: The Office of Regulation Policy and Management (ORPM) provides centralized management and coordination of the rulemaking process in the Department of Veterans Affairs (VA). The office is led by the Assistant to the Secretary for Regulation Policy and Management (ASRPM). This final rule amends the delegations of authority at 38 CFR 2.6(l) for the ASRPM.

On January 18, 2007, the President signed Executive Order 13422, Further Amendment to Executive Order 12866 on Regulatory Planning and Review (72 FR 2763, Jan. 23, 2007). Under section 6(a)(2) of Executive Order 12866 as amended, each agency head was required, within 60 days of the amendment, to designate one of the agency’s Presidential Appointees to the position of Regulatory Policy Officer. The Secretary of Veterans Affairs timely designated the Deputy Secretary of Veterans Affairs as VA’s Regulatory Policy Officer, a position previously delegated in 38 CFR 2.6(l)(3) to the ASRPM, who is not a Presidential Appointee. As this final rule provides, the ASRPM has been delegated authority to serve as the Deputy Regulatory Policy Officer.

The Regulatory Policy Officer is required under section 6(a)(2) of Executive Order 12866 to be involved in each stage of the regulatory process to foster the development of effective, innovative, and least burdensome regulations and to further the principles set forth in the Executive Order. As amended, Executive Order 12866 also requires, in new section 9, that each agency take such steps as are necessary for its Regulatory Policy Officer to ensure the agency’s compliance with

that section’s requirements concerning advance notification of significant guidance documents to the Office of Management and Budget’s Office of Information and Regulatory Affairs.

This final rule amends the delegations of authority for the ASRPM at § 2.6(l) in accordance with recent delegations of authority by the Secretary concerning rulemaking and significant guidance documents. As amended, § 2.6(l)(3) reflects that the ASRPM has been delegated authority to serve as the Deputy Regulatory Policy Officer, to perform staff functions under the Department’s Regulatory Policy Officer, and to perform other delegated functions in accordance with Executive Order 12866.

Administrative Procedure Act

This document’s publication as a final rule with no delay in its effective date is pursuant to 5 U.S.C. 553, which exempts matters pertaining to agency organization and internal agency management from its notice-and-comment and delayed effective date requirements.

Executive Order 12866

Under the exemption in section 3(d)(3) of Executive Order 12866 for regulations limited to agency organization, management, or personnel matters, this document is not subject to the Executive Order’s review requirements.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any given year. This rule will have no such effect on State, local, and tribal governments, or on the private sector.

Paperwork Reduction Act of 1995

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

The initial and final regulatory flexibility analysis requirements of sections 603 and 604 of the Regulatory Flexibility Act, 5 U.S.C. 601–612, are not applicable to this rule, because a notice of proposed rulemaking is not required for this rule. Even so, the Secretary hereby certifies that this regulatory amendment will not have a

significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act. This amendment will not directly affect any small entities. Therefore, this amendment is also exempt pursuant to 5 U.S.C. 605(b) from the initial and final regulatory flexibility analysis requirements of sections 603–604.

Data Breaches

AGENCY: Department of Veterans Affairs.

ACTION: Interim final rule.

SUMMARY: This document establishes regulations to address data breaches

FOR FURTHER INFORMATION CONTACT:

Terry Simmons, Information Technology Specialist, Office of Information Protection and Risk Management (005T), (202) 461–9217, Department of Veterans Affairs, 810 Vermont Avenue, NW., Washington, DC 20420. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: This document establishes regulations captioned “Data Breaches” (referred to below as the regulations). The regulations implement 38 U.S.C. 5724 and 5727, which were enacted as part of Title IX of Public Law 109–461, the Veterans Benefits, Health Care, and Information Technology Act of 2006. VA will promulgate regulations to implement 38 U.S.C. 5722 and 5723, which were also enacted as part of Title IX of Public Law 109–461, in a separate rulemaking.

The regulations, which follow the statutory framework set out in section 5724, prescribe a mechanism for taking actions in response to a data breach of sensitive personal information. The finding of a data breach of sensitive personal information normally triggers a risk analysis. A risk analysis provides the basis for a determination as to whether individuals subject to a data

breach will be given notice of the data breach and any other credit protections services authorized by VA. Under section 5724, VA must provide at least one credit protection service upon a finding that a reasonable risk exists for the potential misuse of sensitive personal information involved in a data breach. Consistent with this authority, the regulations require compliance with notification provisions when such finding occurs. The regulations also require that other credit protection services be provided, if warranted, based on the consideration of specified factors.

However, section 5724 does not bar the Secretary from acting promptly to address a data breach without first conducting a risk analysis where the situation dictates. If the information available to the agency indicates that there is an immediate, substantial risk of identity theft of the individuals whose data was the subject of the data breach, the Secretary may notify the record subjects of the breach promptly so that they may take steps to protect themselves, and also may offer them other credit protection services without conducting a risk analysis. Additionally, the Secretary may offer credit protection services to individuals without first performing a risk analysis where a previous risk analysis performed by VA or another Federal agency involving the same or similar data determined that it was appropriate to offer the subject individuals credit protection services, including providing notice of the data breach. Finally, the Secretary may provide an initial notice of the data breach prior to completion of the risk analysis where private entities would be required to provide notice under Federal law if they experienced a data breach involving the same or similar information. In this last situation, the Secretary may provide notice of the breach and subsequently advise individuals whether the agency will offer additional credit protection services upon completion, and consideration of the results, of any risk analysis.

Contents of this regulation, including notification of data breaches which may result in harms other than identity theft, should be interpreted to be consistent with OMB Memorandum M–07–16, “Safeguarding Against and Responding to Breaches of Personally Identifiable Information.” The regulations are set forth as Subpart B in new 38 CFR part 75. Subpart A is reserved.
