

2. Compliance with approved plans of development and management.

Detailed information concerning these actions is available for review in the office of the BLM, Cedar City Field Office, at the address listed above.

On June 25, 2007, the above described lands are segregated from all forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the R&PP Act, leasing under mineral leasing laws, and disposals under the mineral material disposal laws.

**Classification Comments:** Interested parties may submit comments involving the suitability of the lands for a solid waste transfer station site and public park purposes. Comments on the classification are restricted to whether the lands are physically suited for the proposal, whether the uses will maximize the future use or uses of the land, whether the uses are consistent with local planning and zoning, or whether the uses are consistent with State and Federal programs.

**Application Comments:** Interested parties may submit comments regarding the specific uses proposed in the applications and plans of development, whether the BLM followed proper administrative procedures in reaching its decision, or any other factor not directly related to the suitability of the land for the stated uses. Application comments should be specific to the proposed solid waste transfer station site (BLM Serial No. UTU-82068) or the proposed public park (BLM Serial No. UTU-82980).

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The State Director who may sustain, vacate, or modify this realty action will review any adverse comments. In the absence of any adverse comments, this classification action will become the final determination of the Department of the Interior and become effective on August 24, 2007. The lands will not be available for lease or conveyance until after the classification becomes effective.

(Authority: 43 CFR 2400, 2741 and 2912)

Dated: April 18, 2007.

**Todd S. Christensen,**

*Field Office Manager, Cedar City, Utah.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[ES-966-1910-BJ-4600; Group No. 30, Virginia]

#### Eastern States: Filing of Plat of Survey

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of filing of plat of survey; Virginia.

**SUMMARY:** The Bureau of Land Management (BLM) will file the plat of survey of the lands described below in the BLM-Eastern States, Springfield, Virginia, 30 calendar days from the date of publication in the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Bureau of Land Management, 7450 Boston Boulevard, Springfield, Virginia 22153. Attn: Cadastral Survey.

**SUPPLEMENTARY INFORMATION:** This survey was requested by the National Park Service.

The lands we surveyed are:

A portion of the boundary of the George Washington Memorial Parkway, Fairfax County, Virginia.

The plat of survey represents the dependent resurvey of a portion of the boundary of the George Washington Parkway and was approved June 1, 2007. It will be available to the public as a matter of information.

If BLM receives a protest against this survey, as shown on the plat, prior to the date of the official filing, we will stay the filing pending our consideration of the protest.

We will not officially file the plat until the day after we have accepted or dismissed all protests and they have become final, including decisions on appeals.

Dated: June 6, 2007.

**Jerry L. Wahl,**

*Chief Cadastral Surveyor.*

### Minerals Management Service

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of an extension of an information collection (1010-0149).

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), MMS is inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) concerns the paperwork requirements in the regulations under 30 CFR 250, Subpart I, Platforms and Structures.

**DATES:** Submit written comments by August 24, 2007.

**ADDRESSES:** You may submit comments by any of the following methods listed below. Please use the Information Collection Number 1010-0149 as an identifier in your message.

- E-mail MMS at [rules.comments@mms.gov](mailto:rules.comments@mms.gov). Identify with Information Collection Number 1010-0149 in the subject line.
- Fax: 703-787-1093. Identify with Information Collection Number 1010-0149.
- Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Cheryl Blundon; 381 Elden Street, MS-4024; Herndon, Virginia 20170-4817. Please reference "Information Collection 1010-0149" in your comments.

**FOR FURTHER INFORMATION CONTACT:** Cheryl Blundon, Regulations and Standards Branch at (703) 787-1607. You may also contact Cheryl Blundon to obtain a copy, at no cost, of the regulation that requires the subject collection of information.

#### SUPPLEMENTARY INFORMATION:

**Title:** 30 CFR Part 250, Subpart I, Platforms and Structures.

**OMB Control Number:** 1010-0149.

**Abstract:** The Outer Continental Shelf (OCS) Lands Act, as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior (Secretary) to prescribe rules and regulations to administer leasing of the OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to

balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

Section 43 U.S.C. 1356 requires the issuance of “\* \* \* regulations which require that any vessel, rig, platform, or other vehicle or structure \* \* \* (2) which is used for activities pursuant to this subchapter, comply \* \* \* with such minimum standards of design, construction, alteration, and repair as the Secretary \* \* \* establishes \* \* \*.” Section 43 U.S.C. 1332(6) also states, “operations in the [O]uter Continental Shelf should be conducted in a safe manner \* \* \* to prevent or minimize the likelihood of \* \* \* physical obstruction to other users of the water or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health.” These authorities and responsibilities are among those delegated to the Minerals Management Service (MMS) to ensure that operations in the OCS will meet statutory requirements; provide for safety and protection of the environment; and result in diligent exploration, development, and production of OCS leases. This information collection request addresses

the regulations at 30 CFR Part 250, Subpart I, Platforms and Structures, and the associated supplementary notices to lessees and operators (NTLs) intended to provide clarification, description, or explanation of these regulations.

MMS uses the information submitted under Subpart I to determine the structural integrity of all offshore platforms and floating production facilities and to ensure that such integrity will be maintained throughout the useful life of these structures. We use the information to ascertain that the fixed and floating platforms and structures are structurally sound and safe for their intended use to ensure safety of personnel and pollution prevention. More specifically, we use the information to:

- Review data concerning damage to a platform to assess the adequacy of proposed repairs.
- Review plans for platform construction (construction is divided into three phases—design, fabrication, and installation) to ensure the structural integrity of the platform.
- Review verification plans and reports for unique platforms to ensure that all nonstandard situations are given proper consideration during the design, fabrication, and installation phases of platform construction.
- Review platform design, fabrication, and installation records to ensure that

the platform is constructed according to approved plans.

- Review inspection reports to ensure that platform integrity is maintained for the life of the platform.

We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR part 2) and under regulations at 30 CFR 250.197, “Data and information to be made available to the public or for limited inspection.” No items of a sensitive nature are collected. Responses are mandatory.

*Frequency:* On occasion, annually.

*Estimated Number and Description of Respondents:* There are approximately 136 respondents (Federal oil and gas OCS lessees and their CVAs or other third-party reviewers of production facilities).

*Estimated Reporting and Recordkeeping “Hour” Burden:* The currently approved annual reporting burden for this collection is 42,500 hours. The following chart details the individual components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

Citation 30 CFR 250 subpart I and related NTLs	Reporting or recordkeeping requirement	Hour/fee burden
900(b), (c), (e); 901(b), (c); 902; 903; 905; 906; 909; 910(c), (d); 911(c), (f); 912; 913.	Submit application, along with reports/surveys and relevant data, to install new platform or floating production facility or conversion of existing platform for new purpose or significant changes to approved applications, including use of alternative codes, rules, or standards; and Platform Verification Program (PVP) plan for design, fabrication and installation of new, fixed, bottom-founded, pile-supported, or concrete-gravity platforms and new floating platforms. Consult as required with MMS and/or USCG. Re/Submit application for major modification(s)/repairs to any platform and related requirements.	30 hours. \$19,900 for PVP. \$2,850 for fixed structure. \$1,450 for caisson/well protector. \$3,400 for modifications.
900(b)(5) .....	Submit application for conversion of the use of an existing mobile offshore drilling unit.	24 hours.
900(c) .....	Notify MMS within 24 hours of damage and emergency repairs and request approval of repairs.	16 hours.
901(a)(6), (a)(7), (a)(8); NTLs .....	Submit CVA documentation under API RP 2RD, API RP 2SK, and API RP 2SM.	100 hours.
901(a)(10); NTLs .....	Submit hazards analysis documentation under API RP 14J .....	600 hours.
903* .....	Record original and relevant material test results of all primary structural materials; retain records during all stages of construction. Compile, retain, and provide location/make available to MMS for the functional life of platform, the as-built drawings, design assumptions/analyses, summary of nondestructive examination records, inspection results, and records of repair not covered elsewhere.	100 hours.
911(d); 914 .....	Submit nomination and qualification statement for CVA .....	16 hours.
916(c) .....	Submit interim and final CVA reports and recommendations on design phase.	200 hours.
917(a), (c) .....	Submit interim and final CVA reports and recommendations on fabrication phase, including notice of fabrication procedure changes or design specification modifications.	100 hours.
918(c) .....	Submit interim and final CVA reports and recommendations on installation phase.	60 hours.

Citation 30 CFR 250 subpart I and related NTLs	Reporting or recordkeeping requirement	Hour/fee burden
919(a) .....	Develop in-service inspection plan and keep on file .....	45 hours.
919(b) .....	Submit annual (November 1 of each year) report on inspection of platforms or floating production facilities, including summary of testing results.	80 hours.
900 thru 921 .....	General departure and alternative compliance requests not specifically covered elsewhere in Subpart I regulations.	8 hours.

#### *Estimated Reporting and Recordkeeping "Non-Hour Cost"*

**Burden:** The currently approved "non-hour cost" burden for this information collection is a total of \$752,606. This represents four cost burdens for filing fees associated with submitting applications for platforms and structures. See the table above for specific details.

**Public Disclosure Statement:** The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

**Comments:** Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \* ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

Agencies must also estimate the "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and

software you purchase to prepare for collecting information, monitoring, and record storage facilities. You should not include estimates for equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

We will summarize written responses to this notice and address them in our submission for OMB approval. As a result of your comments, we will make any necessary adjustments to the burden in our submission to OMB.

**Public Comment Procedures:** Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**MMS Information Collection Clearance Officer:** Arlene Bajusz (202) 208-7744.

Dated: June 18, 2007.

**E.P. Danenberger,**

Chief, Office of Offshore Regulatory Programs.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### 30-Day Notice of Submission to the Office of Management and Budget; Opportunity for Public Comment

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Recordkeeping Requirements, the National Park Service (NPS) invites

comments on an extension of a currently approved collection of information (OMB Control Number 1024-0233).

**DATES:** Public comments on the Information Collection Request (ICR) will be accepted on or before July 25, 2007.

**ADDRESSES:** You may submit comments directly to the Desk Officer for the Department of the Interior (OMB Number 1024-0233), Office of Information and Regulatory Affairs, OMB, by fax at 202/395-6566, or by electronic mail at [OIRA\\_DOCKET@omb.eop.gov](mailto:OIRA_DOCKET@omb.eop.gov). Please also send a copy of your comments to Ms. Jo A. Pendry, Concession Program Manager, National Park Service, 1849 C Street, NW. (2410), Washington, DC 20240, or electronically to [jo\\_pendry@nps.gov](mailto:jo_pendry@nps.gov).

**FOR FURTHER INFORMATION CONTACT:** Ms. Jo A. Pendry, phone: 202-513-7156; fax: 202-371-2090; or at the address above. You are entitled to the entire ICR package free-of-charge.

**Comments Received on the 60-day Federal Register Notice:** The NPS published the 60-day Federal Register Notice to solicit comments on this ICR on March 30, 2007, on page 15158. There were no public comments received as a result of publishing this 60-Day Federal Register Notice.

#### **SUPPLEMENTARY INFORMATION:**

**Title:** National Park Service Leasing Program—36 CFR part 18.

**Form Number(s):** None.

**OMB Control Number:** 1024-0233.

**Expiration Date of Approval:** June 30, 2007.

**Type of Request:** Extension of a currently approved information collection.

**Description of Need:** The information is being collected to meet the requirements of Section 802 of the NPS Concessions Management Improvement Act of 1998, concerning the legislative authority, policies, and requirements for the solicitation, award, and administration of NPS leases for property located within area of the national park system. The obligation to respond is required to obtain or retain benefits.
