BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

Privacy Act of 1974, as Amended; Revisions to Existing Systems of Records

AGENCY: United States International Trade Commission.

ACTION: Notice of proposed addition of a new routine use and other changes to existing systems of records; request for comments on proposed revisions of systems of records.

SUMMARY: The U.S. International Trade Commission ("Commission") previously published notices describing the systems of records it maintains pursuant to the Privacy Act of 1974. The Commission is issuing notice of its intent to revise the existing systems of records entitled "Personnel Security Investigative Files," "Library Circulation Records," "Administrative Protective Order Breach and Related Records," and "Emergency Notification Records."

The Commission issues this notice to satisfy the Privacy Act's requirement to publish in the **Federal Register** notice of the existence and character of records systems maintained by the Commission and of any new use or intended use of information in the Commission's systems of records.

DATES: Written comments must be received by the Secretary no later than August 6, 2007. The proposed revisions to the Commission's systems of records will become effective on that date unless otherwise published in the **Federal Register**.

ADDRESSES: Comments should be directed to the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436.

FOR FURTHER INFORMATION CONTACT: Patrick V. Gallagher, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436 or tel. 202-205-3152. Hearing-impaired persons can

obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000.

SUPPLEMENTARY INFORMATION: Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a(e)(4), (11)), the Commission proposes to revise the descriptions of four systems of records. The Commission previously published notice of these systems of records at 71 FR 35294 (June 19, 2006). The Commission invites interested persons to submit comments on the actions proposed in this notice.

The Commission proposes to revise the system of records designated as ITC-7 (Personnel Security Investigative Files) to include contractors, subcontractors, and consultants as individuals covered by the system and to delete "Federal employee relatives" as a category.

The Commission also proposes to revise the name of the location for the system of records designated as ITC-8 (Library Circulation Records) to "Knowledge Resources ("Main Library")." This change is clerical and no other change to this system of records has been made by this notice.

In addition, the Commission proposes to revise two routine uses in the system of records designated as ITC-13 (Administrative Protective Order Breach and Related Records). This system of records reflects agency practice in the handling of investigations into alleged breaches of administrative protective orders ("APOs") and alleged grounds for sanctions under § 201.15 of Commission's Rules of Practice and Procedure. The first revised routine use would allow for the public disclosure of any records necessary to facilitate the recovery of business proprietary information or confidential business information which had been submitted in a Commission proceeding and which had been disclosed. The second revision would permit limited disclosure of information necessary to facilitate participation of all parties in an APO breach investigation. This revised use would ensure that the Commission's rules governing participation in APO breach investigations and the Commission's Privacy Act policy were not inconsistent.

The Commission also proposes to revise the system of records designated as ITC-16 (Emergency Notification Records). This system of records assists the Commission in notifying and identifying employees or their designees

in emergency situations. The revision would add the non-ITC electronic mail address of an employee or the employee's designee to the list of categories of records maintained in this system to better assist the Commission in notifying and identifying employees or their designees in emergency situations.

As required by subsection 552a(r) of the Privacy Act of 1974 (5 U.S.C. 552a(r)), the proposed revisions will be reported to the Office of Management and Budget, the Chair of the Committee on Oversight and Government Reform of the House of Representatives, and the Chair of the Committee on Homeland Security and Governmental Affairs of the Senate.
