

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement⁶ of a Federal program will not be prevented or detected.

In addition to the Interpretation, the AICPA has issued updated illustrative Circular A-133 audit reports that can be accessed on the AICPA Governmental Audit Quality Center Web site at the following link (<http://gaqc.aicpa.org/Resources/Illustrative+Auditors+Reports/>). Further, updated illustrative reporting for financial statement audits performed under GAS can also be found at the same Web site link.

This change in terminology and related definitions may result in the reporting of additional internal control matters than had been reported using the previous terminology and definitions. The reporting of such additional matters may affect the scope of single audits, particularly as it relates to the determination of major programs and the auditee's low-risk status.

Auditees submitting single audits of periods ending between December 15, 2006 and December 31, 2006, should use the approved Data Collection Form (Form SF-SAC) for fiscal years ending 2004, 2005 and 2006 when filing with the Federal Audit Clearinghouse. Since this Form SF-SAC has not yet been updated for the new internal control terminology, any "significant deficiency" should be recorded under the term "reportable condition" on the following items: Part II—items 3 and 4, Part III—items 4 and 5, and Part 3, item 10(a). The Form SF-SAC terminology will be updated in the next SF-SAC form scheduled for January 1, 2008.

The Form SF-SAC approved for audits with fiscal period end dates in 2004, 2005, and 2006, is extended to apply to audits with fiscal period end dates in 2007. All submissions with fiscal period end dates in 2007 must use the 2004–2006 version of Form SF-SAC.

B. Streamlined Submission of Reporting Package to the Federal Audit Clearinghouse (FAC)

We are also streamlining the auditee's submission of the reporting package to the FAC. Due to technology advances, starting January 1, 2007, the auditee is no longer required to submit multiple

possibility of further undetected noncompliance, that the noncompliance, either individually or when aggregated with other noncompliance related to the same type of compliance requirement, would clearly be immaterial to a federal program. If a reasonable person would not reach such a conclusion regarding a particular noncompliance, that noncompliance is more than inconsequential.

⁶ See footnote 1.

copies of the reporting package to the FAC, in accordance with section 320(d) of Circular A-133. Instead, only one copy of the reporting package is necessary. However, Part III, item 8, of the Form SF-SAC should continue to be completed noting all agencies required to receive a copy of the reporting package.

Rob Portman,
Director.

Circular A-133 is revised as follows:

1. In the following sections, replace "reportable conditions" with "significant deficiencies":

§ __.320(b)(2)(ii); § __.320(b)(2)(iv);
§ __.500(c)(3); § __.505(d)(1)(ii);
§ __.505(d)(1)(iv); § __.510(a)(1), and
§ __.520(d)(1).

2. Replace § __.320(d) with the following:

(d) *Submission to clearinghouse.* All auditees shall submit to the Federal clearinghouse designated by OMB a single copy of the data collection form described in paragraph (b) of this section and the reporting package described in paragraph (c) of this section.
