Synopsis of the Order

By an *Order* published at 66 FR 62991, December 4, 2001, the Commission amended its procedural rules "on an emergency, interim basis" to permit certain pleadings (specifically,

(i) Petitions to deny filed pursuant to section 309 of the Communications Act of 1934, as amended (Act), 47 U.S.C. 309; (ii) petitions for reconsideration filed pursuant to section 405 of the Act, 47 U.S.C. 405; (iii) applications for review filed pursuant to section 5(c)(4) of the Act, 47 U.S.C. 155(c)(4); (iv) informal requests for Commission action involving pending applications filed pursuant to § 1.41 of the Commission's rules, 47 CFR 1.41; (v) petitions to amend the TV and FM Broadcast Table of Allotments and responsive pleadings; and (vi) comments or oppositions to open video system certification made pursuant to § 76.1502(e)(1) of the Commission's rules, 47 CFR 76.1502(e)(1)) to be filed electronically (*i.e.*, by facsimile or e-mail) "[u]ntil further notice." It adopted these procedures in response to "recent emergency events in Washington, DC, resulting in the unforeseeable and understandable disruption of regular mail delivery and of the processing of other deliveries due to the threat of contamination," *i.e.*, the discovery of anthrax contamination on Capitol Hill and at certain U.S. Postal Service mail processing facilities, and the consequent delay in mail processing due to quarantine and cleansing procedures associated with the anthrax contamination. The Commission stated, "[T]hese emergency procedures are adopted on a temporary basis only, and will be discontinued when normal U.S. Mail delivery resumes."

We note that mail delivery in the Washington, DC area has improved, and that the United States Postal Service has greatly reduced the delay in processing mail. We also note that the Commission has expanded its electronic filing capabilities, and implemented its own processes to combat the threat of contamination of incoming mail. Given these circumstances, we conclude that the interim electronic filing procedures adopted by the Commission in 2001 are no longer necessary. Accordingly, we rescind those procedures, effective ninety days after publication of this *Order* in the **Federal Register**. (This includes elimination of interim facsimile number 202-418-0187 and the following Office of the Secretary Bureau and Office e-mail addresses: MMBSecretary@fcc.gov; WTBSecretary@fcc.gov; CCBSecretary@fcc.gov; CSBSecretary@fcc.gov; IBSecretary@fcc.gov; EBSecretary@fcc.gov; OtherSecretary@fcc.gov.) Thereafter, filings will no longer be accepted by

facsimile or e-mail, unless specifically authorized by the Commission's rules.

Pursuant to the authority of section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), the interim electronic filing procedures adopted in *Order* FCC 01-345, at 66 FR 62991, December 4, 2001, *are rescinded*.

1. Part 90 contains the rules for both the Private Land Mobile Radio (PLMR) Services and certain Commercial Mobile

Radio Services (CMRS). PLMR licensees generally do not provide for-profit communications services. Some examples of PLMR licensees are public safety agencies, businesses that use radio only for their internal operations, utilities, transportation entities, and medical service providers. CMRS licensees, by comparison, do provide for-profit communications services, such as paging and Specialized Mobile Radio services that offer customers communications that are interconnected to the public switched network.

2. We take this opportunity to make certain minor editorial amendments to part 90 to correct errors or omissions of publication, eliminate duplicative language, and conform language among rule sections.
