

throughout the year using weigh-in-motion devices. The data should be representative of all public roads within State boundaries. The data will allow transportation professionals at the Federal, State, and metropolitan levels to make informed decisions about policies and plans.

Respondents: 52 SDOTs, including the District of Columbia and Puerto Rico.

Frequency: It is proposed that total volume and continuous vehicle classification data be reported on a monthly basis to assure timely information that can be compared to monthly reports of economic activity. Based on data collection practices commonly used by the SDOTs, it is proposed that truck weight data collected using weigh-in-motion devices and site description data be submitted to FHWA annually.

Estimated Average Burden per Response: The SDOTs already collect traffic data for various purposes. In accordance with 23 U.S.C. 303, each State has a Traffic Monitoring System in place so the data collection burden relevant for this notice is the additional burden for each State to provide a copy of their traffic data using the record formats specified in the *Traffic Monitoring Guide*. Automation and online tools continue to be developed in support of the HVTIS and the capability now exists for online submission and validation of total volume data. The estimated average monthly burden is 3.5 hours for an annual burden of 42 hours. The annual reporting requirement is estimated to be 6 hours for the States and the District of Columbia and Puerto Rico. The combined burden from the monthly and annual reports is 48 hours per respondent.

Estimated Total Annual Burden Hours: Total burden will be 2,496 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burdens could be minimized, including use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended, and 49 CFR 1.48.

Issued on: June 20, 2007.

Federal Highway Administration

[Docket No. FHWA-2007-28562]

Agency Information Collection Activities: Notice of Request for Extension of Currently Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of request for extension of currently approved information collection.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget's (OMB) approval for renewal of an existing information collection that is summarized below under **SUPPLEMENTARY INFORMATION**. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by August 27, 2007.

ADDRESSES: You may submit comments identified by DOT DMS Docket Number FHWA-2007-28562 by any of the following methods:

- *Web Site:* <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- *Fax:* 1-202-493-2251.

• *Mail:* Docket Management Facility; U.S. Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590.

• *Hand Delivery:* U.S. Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Docket: For access to the docket to read background documents or comments received, go to <http://dms.dot.gov> at any time or to U.S. Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Gloria Williams, 202-366-5032, Department of Transportation, Federal Highway Administration, Office of Policy and Governmental Affairs, 1200

New Jersey Avenue, SE., Washington, DC, 20590. Office hours are from 7:30 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Certification of Enforcement of the Heavy Vehicle Use Tax.

OMB Control #: 2125-0541.

Background: Title 23 United States Code, Section 141(c), provides that a State's apportionment of funds under 23 U.S.C. 104(b)(5) shall be reduced in an amount up to 25 percent of the amount to be apportioned during any fiscal year beginning after September 30, 1984, if vehicles subject to the Federal heavy vehicle use tax are lawfully registered in the State without having presented proof of payment of the tax. The annual certification by the State Governor or designated official regarding the collection of the heavy vehicle use tax serves as the FHWA's primary means of determining State compliance. The FHWA has determined that an annual certification of compliance by each State is the least obtrusive means of administering the provisions of the legislative mandate. In addition, States are required to retain for one year Schedule 1, IRS Form 2290, Heavy Vehicle Use Tax Return (or other suitable alternative provided by regulation). The FHWA conducts compliance reviews at least once every 3 years to determine if the annual certification is adequate to ensure effective administration of 23 U.S.C. 141(c).

Respondents: 50 State Transportation Departments, and the District of Columbia for a total of 51 respondents.

Frequency: Annually.

Estimated Average Annual Burden per Response: The average burden to submit the certification and to retain required records is 12 hours per respondent.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 612 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C., Chapter 35, as amended; and 49 CFR 1.48.

Issued on: June 20, 2007.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Rock and Walworth Counties, Wisconsin

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent to prepare an Environmental Impact Statement.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for the proposed improvement of USH 14/STH 11 between Janesville, in Rock County, and IH 43 near Darien, in Walworth County, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Chandler, Field Operations Engineer, Federal Highway Administration 567 D'Onofrio Drive, Suite 100, Madison, Wisconsin, 53719-2814; telephone: (608) 829-7514. You may also contact Mr. Eugene Johnson, Director, Bureau of Equity and Environmental Services, Wisconsin Department of Transportation, P.O. Box 7965, Madison, Wisconsin, 53707-7965; telephone: (608) 267-9527.

SUPPLEMENTARY INFORMATION:

Electronic Access

An electronic copy of this document may be downloaded from the Government Printing Offices' Electronic Bulletin Board Service at (202) 512-1661, by using a computer, modem, and suitable communications software. Internet users may reach the Office of Federal Register's home page at: <http://www.archives.gov/> and the Government Printing Offices' database at: <http://www.gpoaccess.gov/nara/index.html>.

Background

The FHWA, in cooperation with the Wisconsin Department of Transportation, will prepare an Environmental Impact Statement to evaluate improvement alternatives for USH 14/STH 11. The project begins at USH 14 on the northwest side of Janesville, in Rock County, and extends approximately 25 miles to IH 43 near Darien, in Walworth County, Wisconsin.

The EIS will be prepared in accordance with 40 CFR Part 1500 and FHWA regulations.

Improvements to the highway are considered necessary to lessen congestion, improve safety, and provide efficient regional connections.

Planning, environmental, and engineering studies are underway to develop transportation alternatives. The EIS will assess the need, location, and environmental impacts of alternatives within the study area. Possible improvement alternatives include a no build alternative, which assumes the continued use of the existing facility with the improvements necessary to ensure its continued use; an improved 2-lane highway with intersection improvements, passing lanes, and wider shoulders; the addition of lanes to create a 4-lane highway, and evaluation of one or more alternatives that follow new alignments. In addition, alternatives for a potential by-pass connecting USH 14 and STH 11 on the west side of Janesville will be evaluated. These alternatives include 2 and 4-lane connections along various alignments, as well as consideration of a freeway type highway.

Information describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed, or are known to have interest in this proposal. Local officials and the public will be given many opportunities to provide comments during the course of the study. There will be public information meetings throughout the data gathering and development and evaluation of alternatives. Two public hearings will be held. Public notice will be given of the time and place of the meetings and hearings. The Draft EIS will be available for public and agency review prior to the hearings. Several newsletters will be sent to keep local residents informed of the study's progress. A project Web site has been established to help provide information on the project. The Web site address is <http://www.dot.wisconsin.gov/projects/dl/wis11study/index.htm>.

In addition, two committees have been formed, a Technical Committee and an Advisory Committee, that will meet throughout the life of the study. These committees are made up of local government officials and agency personnel and they will be responsible for helping define the project purpose and need, as well as providing input and comments on alternatives.

The anticipated format for the EIS will be Screening Worksheets rather

than the typical narrative form. The Wisconsin Department of Transportation has developed a series of Environmental Screening Worksheets, which are divided into Basic Sheets and Factor Sheets. The Screening Worksheets provide a flexible means of addressing the requirements for an Environmental Document.

To ensure that the full range of issues related to this proposed action is addressed, and all substantive issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA or the Wisconsin Department of Transportation at the addresses provided in the caption **FOR FURTHER INFORMATION CONTACT**.

Federal law prohibits discrimination on the basis of race, color, age, sex, or country of national origin in the implementation of this action. It is also Federal and State policy that no group of people bears the negative consequences of this action in a disproportionately high and adverse manner without adequate mitigation.

Authority: 23 U.S.C. 315; 49 CFR 1.48.

Issued on: May 24, 2007.

Mark R. Chandler,

Field Operations Engineer, Federal Highway Administration, Madison, Wisconsin.

BILLING CODE 4910-22-M

DEPARTMENT OF TRANSPORTATION

Federal Transit Administration

[FTA Docket No. FTA-2007-28563]

Notice of Request for the Revision of Currently Approved Information Collection

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 35001 *et seq.*), this notice announces the intention of the Federal Transit Administration (FTA) to request the Office of Management and Budget (OMB) to approve the revision of the currently approved information collection: 49 U.S.C. 5335(a) and (b) National Transit Database (NTD). FTA would like to add the collection of rural transit data under the NTD to this collection, as mandated by the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), enacted August 10, 2005.
