a. *Electronic Submission of Applications.*

Applications for grants under the Special Demonstration Programs—Model Demonstration Projects to Improve the Postsecondary and Employment Outcomes of Youth with Disabilities, CFDA Number 84.235U, must be submitted electronically using the Government-wide Grants.gov Apply site at <http://www.Grants.gov>. Through

this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for Special Demonstration Programs—Model Demonstration Projects to Improve the Postsecondary and Employment Outcomes of Youth with Disabilities at <http://www.grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.326, not 84.326A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.
- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.
- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or

submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII in this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability

of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and
- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Edwin Powell, U.S. Department of Education, 400 Maryland Avenue, SW., room 5038, PCP, Washington, DC 20202-2800. Fax: (202) 245-7505.

V. Application Review Information

Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. **Performance Measures:** The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. Under this priority, we require a grantee to develop an evaluation plan and conduct an evaluation of the effectiveness of the project in achieving its goals, particularly goals relating to post-school outcomes. In measuring performance, we require a grantee to collect: High school exit data (e.g., academic achievement and functional performance data, and high school graduation outcomes, including type of diploma received); student's post-school goals; services provided; postsecondary education outcomes; employment outcomes (e.g., type of employment,

wages and earnings, hours worked, weeks of employment); and public benefits received such as Supplemental Security Income and Social Security Disability Insurance. During the first year of the project RSA intends to assist grantees in implementing these data collection requirements. RSA will use these data, especially data on postsecondary education and employment outcomes, to assess the performance of the projects funded under this priority.

I. Funding Opportunity Description

Purpose of Program: The Native Hawaiian Career and Technical Education Program (NHCTEP) provides grants to eligible applicants to plan, conduct, and administer programs, or portions of programs, that are authorized by and consistent with the purposes of section 116 of the Carl D. Perkins Career and Technical Education Act of 2006 (Act) for the benefit of Native Hawaiians.

Background Information

For the convenience of applicants, we describe in this notice the major statutory changes made to the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins III), which was amended by the Act, that affect NHCTEP.

Statutory Changes Affecting NHCTEP

(a) *Community-based organizations.* Under the previous authority for this program, section 116(h) of Perkins III, the Secretary awarded grants or entered into contracts with organizations primarily serving and representing Native Hawaiians that were recognized by the Governor of the State of Hawaii to plan, conduct, and administer programs, or portions thereof, authorized by and consistent with the provisions of Perkins III. Under the new program authority, in section 116(h) of the Act, the Secretary awards grants or enters into contracts with community-based organizations primarily serving and representing Native Hawaiians to plan, conduct, and administer programs, or portions thereof, that are authorized by and consistent with the provisions of section 116 of the Act for the benefit of Native Hawaiians. As a result of this change, the Secretary will be making multiple grant awards in FY 2007, rather than making a single award; FY 2007 awards will be made only to community based organizations; and the Governor of the State of Hawaii will not have a role in determining which community based organizations receive NHCTEP awards.

(b) *Purpose.* In the Act, Congress has expanded and added elements to the statement of purpose, most significantly by stating that, among other statutory purposes, programs should build on the efforts of States and localities to develop challenging academic and technical standards and to assist students in meeting such standards, including in preparation for high-skill, high-wage, or high-demand occupations in emerging or established professions. (20 U.S.C. 2301(1)) Congress also has added to the statement of purpose the requirement that programs provide technical assistance that promotes leadership, initial preparation, and professional development at the State and local levels, and improves the quality of, career and technical education teachers, faculty, administrators, and counselors. (20 U.S.C. 2301(5)) Additionally, the Act's purpose section has been amended to include supporting partnerships among secondary schools, postsecondary institutions, baccalaureate degree-granting
