Federal Highway Administration

Notice of Final Federal Agency Actions on a Proposed Highway Project in California

AGENCY: Federal Highway Administration (FHWA), U.S. DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA and other Federal agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(1)(1). These actions relate to a proposed Highway project on State Route 50 between Post Mile L0.9 to 12.8 in Sacramento County, State of California. These actions grant approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(1)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before January 2, 2008. If the Federal law that authorizes judicial review of a claim provides a time period of less than 180 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Cesar Perez, Senior Project Development Engineer, Federal Highway Administration, 650 Capitol Mall, #4-100, Sacramento, CA 95814, weekdays between 7 a.m. and 4 p.m., telephone 916-498-5065, cesar.perez@fhwa.dot.gov, or John Webb, Supervisory Environmental Planner, California Department of Transportation, 2389 Gateway Oaks Dr., Sacramento, CA 95833, weekdays between 8 a.m. and 4:30 p.m., (916) 274-0588, John_Webb@dot.ca.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing approvals for the following highway project in the State of California. This project would improve safety and provide congestion relief on State Route 50, between post mile 0.9 to 12.8, in Sacramento County, California. This would be accomplished by adding bus/carpool lanes in the existing median of U.S. 50 between the above post miles. The purpose of the project is to increase mobility, provide an option for reliable peak period travel time, improve traffic operations, use the highway facilities as efficiently as possible, and provide incentives for commuters.

Actions by the Federal agencies and the laws under which such actions were taken are described in the Final Environmental Assessment for the project. The Finding of No Significant Impact (FONSI) was approved on June 25, 2007. The Final Environmental Assessment and other documents in the FHWA administrative record file are available by contacting the FHWA or the California Department of Transportation at the addresses provided above. This notice applies to all Federal agency decisions as of the issuance date of this notice and all laws under which such actions were taken, including but not limited to:

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2007–28480]

Commercial Driver's License (CDL) Standards: National Agricultural Aviation Association (NAAA) Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that it has received from the National Agricultural Aviation Association (NAAA) an application for an exemption from the commercial driver's license (CDL) requirements. NAAA requests that commercial motor vehicle drivers working with agricultural aircraft operators be exempt from the required knowledge and skills tests and be eligible to receive a restricted CDL. NAAA also requests an exemption to allow these restricted CDL holders to transport fuels used to power agricultural aircraft engines if transported in quantities of 1,000 gallons or less. NAAA believes that relief from the CDL regulations will relieve a current economic hardship and will provide parity in the CDL regulations compared to other, nearly identical farm-related services. NAAA believes that the evidence provided in the exemption request demonstrates that the level of safety achieved under the exemption would be equal to or greater than the level of safety that prevails without the exemption. FMCSA requests public comment on the NAAA application for exemption.

DATES: Comments must be received on or before August 6, 2007.

ADDRESSES: You may submit comments identified by DOT DMS Docket Number

FMCSA–2007–28480 using any of the following methods:
