

material compliant with the requirements of 49 CFR 223.11. Steam locomotive Number JS8419 was built in China by Datong Locomotive Works in Shanxi, China, in October 1988, purchased new by the BSV in 1989, and delivered with automotive-type safety glazing. It has been in regular summer weekend service each year since 1990, except for in 1993 and 2002.

By letter dated February 12, 2007, BSV requested that Number JS8419 be granted a waiver under the same conditions as their four diesel electric locomotives. They stated that retrofitting JS8419 with compliant glazing would be very costly, and a serious financial burden on the museum.
