[Docket No. EL07-67-000]

DC Energy, LLC Complainant, v. H.Q. Energy Services (U.S.) Inc. Respondent; Notice of Amended Complaint

June 27, 2007.

Take notice that on June 22, 2007, DC Energy, LLC (DC Energy) pursuant to Rule 215 of the Rules of Practice and Procedure of the Commission's Regulations, 18 CFR 385.215, filed an amendment to its June 12, 2007, Complaint. DC Energy states that it has discovered new facts which are directly relevant to the issues raised in its original Complaint.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It

is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 11588-027-AK]

Alaska Power and Telephone Company; Notice of Availability of Environmental Assessment

June 28, 2007.

An environmental assessment (EA) is available for public review. The EA was prepared for an application filed by Alaska Power and Telephone Company (licensee) on January 26, 2007, and supplemented on March 6 and April 5, 2007, requesting Commission approval for an Amendment of License to Modify Project Design at the Kasidaya Hydroelectric Project. The project is located on Kasidaya Creek at Taiya Inlet, 3 miles south of the City of Skagway, Alaska. The project occupies lands within the Tongass National Forest, administered by the U.S. Forest Service.

The licensee has requested that in lieu of passing the penstock through a tunnel to cross Kasidaya Creek and gain access to the diversion structure, they would like to have the penstock cross over Kasidaya Creek with a modular steel bridge. The penstock would be buried adjacent to the access road, except for crossing the creek, on a small bridge adjacent to the aluminum block culvert. In addition to being significantly less expensive than the tunnel, the bridge arrangement would also provide more convenient access to the diversion site for construction and operation of the project.

The Environmental Assessment (EA), which is attached to the order approving order amending license and revising annual charges, evaluates the environmental effects of the relocation and redesign of project facilities. While these changes to project facilities will impact areas not specifically evaluated in previous EA's, the environmental effects are expected to be similar.

A copy of the EA is attached to a Commission order titled "Approving Order Amending License and Revising Annual Charges," issued June 27, 2007 and is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov> using the "eLibrary" link.
