STORAGE:

These records are maintained in hard copy formats and computer processable storage media such as computer tapes and disks. The computer storage devices are located in the National Computer Center, Research Triangle Park, North Carolina. Backup tapes are maintained at a disaster recovery site. Permission level assignments allow users access only to those functions for which they are authorized. Paper records are maintained in locked metal file cabinets. All records are maintained in secure, access-controlled areas or buildings.

- *Retention and Disposal:* The retention of data in the system is in accordance with applicable EPA Records Schedules #161 and 553 as approved by the National Archives and Records Administration.
