SUPPLEMENTARY INFORMATION:

I. Extension of Comment Period

On April 13, 2007, OSHA published a notice of proposed rulemaking to revise the Explosives standard (72 FR 18792). In that notice, the Agency provided the public with ninety (90) days to submit written comments, until July 12, 2007. Several interested persons have requested an extension of the deadline for submitting comments explaining that they needed additional time to gather information and provide a thorough review and response to the proposed standard. OSHA is providing an additional sixty (60) days for the submission of comments. Accordingly, written comments must now be submitted (sent or postmarked) by September 10, 2007. Granting additional time to comment on the proposed rule will allow these and other stakeholders time to provide more thorough comments on the proposed rule, which, in turn, will give OSHA a more complete record.

II. Submission of Comments and Access to Comments

You may submit comments in response to this document (1) electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (FAX); or (3) by hard copy. All comments, attachments and other material must identify the Agency name and the OSHA docket number for this rulemaking (Docket No. OSHA-2007-0032). You may supplement electronic submissions by uploading document files electronically. If, instead, you wish to mail additional materials in reference to an electronic or fax submission, you must submit three copies to the OSHA Docket Office (see **ADDRESSES** section). The additional materials must clearly identify your electronic comments by name, date, and docket number so

OSHA can attach them to your comments.

Because of security-related procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office (see **ADDRESSES** section).

Comments and submissions in response to this **Federal Register** notice are posted without change at <http://www.regulations.gov> (Docket No. OSHA-2007-0032). Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and date of birth.

In the Explosives proposal, OSHA referenced a number of supporting materials. Those references are posted in both Docket No. OSHA-S031-2006-0665 (which is available at <http://www.regulations.gov>) and OSHA Docket No. S-031 (which is available at <http://dockets.osha.gov>).

Although all submissions in response to this **Federal Register** notice and all supporting materials cited in the Explosives proposal are listed in the <http://www.regulations.gov> and <http://dockets.osha.gov> indexes, some information (e.g., copyrighted material) is not publicly available to read or download from that Web page. All submissions and supporting materials, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web page to submit comments is available at the Web page's User Tips link. Contact the OSHA Docket Office for information about materials not available through the Web pages and for assistance in using the Internet to locate docket submissions.

Electronic copies of this **Federal Register** document are available at <http://www.regulations.gov>. This document, as well as news releases and other relevant information, also are available at OSHA's Web page at <http://www.osha.gov>.

For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2. Send or deliver information identified as CBI only to the following address: Roberto Morales, OAQPS Document Control Officer (C404–02), U.S. EPA, Research Triangle Park, NC 27711, Attention Docket ID No. EPA–HQ–OAR–2005–0163.

- Follow directions—The agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- Describe any assumptions and provide any technical information and/or data that you used.

- If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

- Provide specific examples to illustrate your concerns, and suggest alternatives.
