III. Current Actions

In order to meet its statutory responsibilities under the INA, the Department needs to extend an existing collection of information pertaining to employers seeking to import foreign labor. The form used to collect the information is utilized not only by the Department, but also by other federal agencies to meet the requirements of the INA. The Department uses the information collected to implement several of its nonimmigrant worker programs, including the H-2A and H-2B temporary work programs, and for both permanent and temporary programs for the employment of alien professional athletes. The Department of Homeland Security, U.S. Citizenship and Immigration Services, utilizes the form for its National Interest Waiver program for employment-sponsored immigration.

ACTION: 60-day notice of information collection under review: Form ETA-9033, Attestation by Employers using Alien Crewmembers for Longshore Activities at U.S. Ports; OMB Control No. 1205-0309.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. DATES: Written comments must be submitted to the office listed in the addressee section below on or before September 10, 2007.

SUPPLEMENTARY INFORMATION:

I. Background

The information collection is required by section 258 of the Immigration and Nationality Act (INA) (8 U.S.C. 1288). The INA has a prevailing practice exception to the general prohibition on the performance of longshore work by alien crewmembers in U.S. ports. Under the prevailing practice exception, before any employer may use alien crewmembers to perform longshore activities in U.S. ports, it must submit an attestation to the Secretary of Labor containing the elements prescribed by the INA. The INA further requires that the Secretary of Labor make available for public examination in Washington, DC a list of employers that have filed attestations and, for each of these employers, a copy of the employer's attestation and accompanying documentation received by the Secretary.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

In order to meet its statutory responsibilities under the INA, the Department needs to extend an existing collection of information pertaining to employers seeking to use alien crewmembers to perform longshore activities in U.S. ports. ETA has not received any attestations under the prevailing practice exception within the last three years. An information collection request will be submitted to

increase the burden should activities recommence.
