

Changes Since the Preliminary Results

Based on our analysis of the record and comments received, we have made no changes to the preliminary results net subsidy rate.

Final Results of Reviews

In accordance with 19 CFR 751.221(b)(5), we calculated an individual subsidy rate for the producer/exporter subject to these reviews. For the period January 1, 2005, through August 15, 2005, we find the net subsidy rate for NHCI to be 0.00 percent.

Cash Deposit Instructions

On July 6, 2006, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(1)(iii), the Department revoked the countervailing duty orders on pure magnesium and alloy magnesium from Canada (*see Revocation of the Countervailing Duty Orders: Pure Magnesium and Alloy Magnesium from Canada*, 71 FR 38382 (July 6, 2006)). The effective date of the revocations is August 16, 2005. As a result of this action, we are not issuing cash deposit instructions.

Assessment Rates

Because the countervailing duty rate for NHCI is zero, we will instruct U.S. Customs and Border Protection ("CBP") to liquidate entries of this company during the period January 1, 2005, through August 15, 2005, without regard to countervailing duties. The Department will issue appropriate instructions directly to CBP 41 days after the date of publication of these final results.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

These administrative reviews and notice are in accordance with section 751(a)(1) of the Act.

Dated: July 3, 2007.

SUPPLEMENTARY INFORMATION:

The Convention and the Commission

The objective of the Convention is to ensure, through effective management, the long-term conservation and sustainable use of highly migratory fish stocks in the western and central Pacific Ocean in accordance with the United Nations Convention on the Law of the Sea of 1982 (UNCLOS) and the Agreement for the Implementation of

the Provisions of the UNCLOS Relating to the Conservation and Management of Straddling Fish Stocks and Highly Migratory Fish Stocks. The Convention establishes the Commission, the secretariat of which is based in Pohnpei, Federated States of Micronesia.

The Convention applies to all highly migratory fish stocks (defined as all fish stocks of the species listed in Annex I of the UNCLOS occurring in the Convention Area, and such other species of fish as the Commission may determine), except saurians.

The United States played a very active role in supporting the negotiations and the development of the Convention and signed the Convention when it was opened for signature in 2000. It has participated as a cooperating non-member in the Commission since it became operational in 2005. Upon completion of the Convention ratification process, which will occur July 27, 2007, the United States will become a Contracting Party to the Convention and a full member of the Commission. Under the Act, the United States will be represented on the Commission by five United States Commissioners, appointed by the President.

Advisory Committee

The Act (Public Law 109-479, sec 501-511) provides (in sec 503(d)) that the Secretary of Commerce, in consultation with the United States Commissioners to the Commission, will appoint certain members of the advisory committee established under the Act.

The members to be appointed to the advisory committee are to include not less than 15 nor more than 20 individuals selected from the various groups concerned with the fisheries covered by the Convention, providing, to the extent practicable, an equitable balance among such groups. On behalf of the Secretary of Commerce, NMFS is now seeking nominations for these appointments.

In addition to the 15-20 appointed members, the advisory committee also includes the chair of the Western and Central Pacific Fishery Management Council's Advisory Committee (or designee), and officials of the fisheries management authorities of American Samoa, Guam, and the Northern Mariana Islands (or their designees).

Members of the advisory committee will be invited to attend all non-executive meetings of the United States Commissioners to the Commission and at such meetings will be given opportunity to examine and be heard on all proposed programs of investigation,

reports, recommendations, and regulations of the Commission.

Each appointed member of the advisory committee will serve for a term of two years and will be eligible for reappointment.

The Secretaries of Commerce and State will furnish the advisory committee with relevant information concerning fisheries and international fishery agreements.

NMFS, on behalf of the Secretary of Commerce, will provide to the advisory committee administrative and technical support services as are necessary for its effective functioning.

Appointed members of the advisory committee will serve without pay, but while away from their homes or regular places of business in the performance of services for the advisory committee will be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703 of title 5, United States Code. They will be considered Federal employees while performing service as members of the advisory committee only for purposes of: (1) injury compensation under chapter 81 of title 5, United States Code; (2) requirements concerning ethics, conflicts-of-interest, and corruption, as provided by title 18, United States Code, and (3) any other criminal or civil statute or regulation governing the conduct of Federal employees in their capacity as Federal employees.

Procedure for Submitting Nominations

Nominations for the advisory committee should be submitted to NMFS (see **ADDRESSES**). Self nominations are acceptable. Nominations should include the following information: (1) Full name, address, telephone, facsimile, and e-mail of nominee; (2) nominee's organization(s) or professional affiliation(s) serving as the basis for the nomination, if any; and (3) a background statement, not to exceed one page in length, describing the nominee's qualifications, experience and interests, specifically as related to the fisheries covered by the Convention.

Permits; Foreign Fishing

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of foreign fishing application.

SUMMARY: NMFS publishes for public review and comment information regarding a foreign fishing application submitted under provisions of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

DATES: Comments must be received by July 25, 2007.

ADDRESSES: Send comments or requests for a copy of the application to NMFS, Office of Sustainable Fisheries, International Fisheries Division, 1315 East-West Highway, Silver Spring, MD 20910.

Comments on this notice may also be submitted by e-mail. The address for providing e-mail comments is nmfs.foreignfishing@noaa.gov. Include in the subject line the following document identifier: RIN 0648-XB29.

FOR FURTHER INFORMATION CONTACT: Robert A. Dickinson, Office of International Affairs, (301) 713-2276.

SUPPLEMENTARY INFORMATION:

Background

Section 204(d) of the Magnuson-Stevens Act (16 U.S.C. 1824(d)) provides, among other things, that the Secretary of Commerce (Secretary) may issue a transshipment permit which authorizes a vessel other than a vessel of the United States to engage in fishing consisting solely of transporting fish or fish products at sea from a point within the U.S. Exclusive Economic Zone (EEZ) or, with the concurrence of a state, within the boundaries of that state to a point outside the United States.

Section 204(d)(3)(D) of the Magnuson-Stevens Act provides that an application may not be approved until the Secretary determines that "no owner or operator of a vessel of the United States which has adequate capacity to perform the transportation for which the application is submitted has indicated ... an interest in performing the transportation at fair and reasonable rates." NMFS is publishing this notice as part of its effort to make such a determination with respect to the application described below.

Summary of Application

NMFS has received an application requesting authorization for five Mexican vessels to receive, within the Pacific waters of the U.S. EEZ south of 34°00' N. lat. and east of 121°00' W. long., transfers of live tuna from U.S. purse seiners for the purpose of transporting the tuna alive to an aquaculture facility located in Baja California, Mexico.

Interested U.S. vessel owners and operators may obtain a copy of the complete application from NMFS (see **ADDRESSES**).
