SUPPLEMENTARY INFORMATION: A notice was published in the **Federal Register** on March 29, 2007, (72 FR 14709), requesting comments on the possible revision of the United States Standards

for Grades of Florida Avocados. The proposed revision would modify the title of the standard by deleting "Florida," to make the standards generic to cover all avocados. The comment period ended May 29, 2007.

A comment was received on behalf of a foreign government expressing the need for additional time to comment. They requested an extension to the comment period to allow further review of the proposed revisions and their potential impact.

After reviewing the request, AMS is reopening and extending the comment period in order to allow sufficient time for interested persons, including growers, packers, and trade groups to file comments.
