

designated to receive Federal inspection with respect to operations and transactions involving meat and poultry products within the State. The Agency is mandated by law to assume the responsibility for administering the New Mexico meat and poultry inspection programs. It is necessary, therefore, to designate the State of New Mexico, in accordance with the FMIA (21 U.S.C. 661(c)) and the PPIA (21 U.S.C. 454(c)), in order to carry out the Secretary's responsibilities under the FMIA and the PPIA.

In addition, it does not appear that new, relevant information would be made available to the Secretary by public participation in this rulemaking. Accordingly, under the administrative procedures in 5 U.S.C. 553, FSIS finds good cause to conclude that notice and other public procedures are unnecessary and contrary to the public interest.

#### Executive Order 12866 and Regulatory Flexibility Act

This final rule has been determined to be not significant under Executive Order 12866 and, therefore, has not been reviewed by the Office of Management and Budget.

The Acting Administrator, FSIS, has determined that this final rule will not have a significant economic impact on a substantial number of small entities. FSIS, pursuant to law, is assuming the responsibility, previously held by the State of New Mexico, of administering the meat and poultry inspection programs with respect to operations and transactions within the State of New Mexico. This action will affect approximately 25 meat and poultry establishments. Most, if not all, are very small establishments. In addition, there are approximately 30 custom exempt facilities in New Mexico, all small entities. However, this is not a substantial number of either very small establishments or custom exempt facilities. There are approximately 5,070 very small meat and poultry establishments nationwide, which are either federally or State inspected, and approximately 3,135 custom-exempt facilities nationwide. In addition, it is not anticipated that significant costs will be incurred by these establishments in New Mexico as a result of these actions.

#### Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule: (1) Preempts State and local laws and regulations that are inconsistent with this rule; (2) has no retroactive effect; and (3) does not require administrative proceedings

before parties may file suit in court challenging this rule. However, the administrative procedures specified in 9 CFR 306.5 and 381.35 must be exhausted prior to any judicial challenge of the application of the provisions of this rule, if the challenge involves any decision of an FSIS employee relating to inspection services provided under the FMIA or the PPIA.

#### Paperwork Requirements

This final rule has been reviewed under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520) and the Agency has determined that it imposes no new paperwork requirements.

#### Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-line through the FSIS web page located at [http://www.fsis.usda.gov/regulations/2007\\_Interim\\_&\\_Final\\_Rules\\_Index/index.asp](http://www.fsis.usda.gov/regulations/2007_Interim_&_Final_Rules_Index/index.asp).

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at [http://www.fsis.usda.gov/news\\_and\\_events/email\\_subscription/](http://www.fsis.usda.gov/news_and_events/email_subscription/). Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves and have the option to password protect their account.

#### NUCLEAR REGULATORY COMMISSION

##### 10 CFR Part 72

RIN 3150-A113

#### List of Approved Spent Fuel Storage Casks: NAC-MPC Revision 5, Confirmation of Effective Date

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Direct final rule: Confirmation of effective date.

**SUMMARY:** The Nuclear Regulatory Commission (NRC) is confirming the effective date of July 24, 2007, for the

direct final rule that was published in the **Federal Register** on May 10, 2007 (72 FR 26535). This direct final rule amended the NRC's regulations to revise the NAC-MPC cask system listing to include Amendment No. 5 to Certificate of Compliance (CoC) No. 1025.

**EFFECTIVE DATE:** The effective date of July 24, 2007, is confirmed for this direct final rule.

**ADDRESSES:** Documents related to this rulemaking, including comments received, may be examined at the NRC Public Document Room, located at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852. These same documents may also be viewed and downloaded electronically via the rulemaking Web site (<http://ruleforum.llnl.gov>). For information about the interactive rulemaking Web site, contact Ms. Carol Gallagher (301) 415-5905; e-mail [CAG@nrc.gov](mailto:CAG@nrc.gov).

**FOR FURTHER INFORMATION CONTACT:** Jayne M. McCausland, Office of Federal and State Materials and Environmental Management Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415-6219, e-mail [jmm2@nrc.gov](mailto:jmm2@nrc.gov).

**SUPPLEMENTARY INFORMATION:** On May 10, 2007 (72 FR 26535), the NRC published a direct final rule amending its regulations in 10 CFR Part 72 to revise the NAC-MPC cask system listing within the "List of Approved Spent Fuel Storage Casks" to include Amendment No. 5 to CoC No. 1025. This amendment revises Technical Specifications to incorporate changes to the reporting and monitoring requirements, to incorporate guidance from NRC Interim Staff Guidance-22, and to include editorial changes for clarity. The amendment also revises the CoC description to remove the requirement for tamper-indicating devices on the Vertical Concrete Casks. In the direct final rule, NRC stated that if no significant adverse comments were received, the direct final rule would become final on July 24, 2007. The NRC did not receive any comments that warranted withdrawal of the direct final rule. Therefore, this rule will become effective as scheduled.

Dated at Rockville, Maryland, this 9th day of July, 2007.

For the Nuclear Regulatory Commission.

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### 14 CFR Part 97

[Docket No. 30559; Amdt. No. 3226]

#### Standard Instrument Approach Procedures; Miscellaneous Amendments

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This amendment amends Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective July 13, 2007. The compliance date for each SIAP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of July 13, 2007.

**ADDRESSES:** Availability of matter incorporated by reference in the amendment is as follows:

*For Examination—*

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Ave, SW., Washington, DC 20591;
2. The FAA Regional Office of the region in which affected airport is located; or
3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,
4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

**FOR FURTHER INFORMATION CONTACT:**

Donald P. Pate, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This amendment to Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) amends Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in the appropriate FAA Form 8260, as modified by the National Flight Data Center (FDC)/Permanent Notice to Airmen (P-NOTAM), which is incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Code of Federal Regulations. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the Federal Register expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

#### The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP as modified by FDC/P-NOTAMs.

The SIAPs, as modified by FDC P-NOTAM, and contained in this
