The text of those regulations also serves as the text of these proposed regulations.

SUPPLEMENTARY INFORMATION:

Background

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** contain amendments to the Procedure and Administration Regulations (26 CFR part 301) relating to the giving of notice of nonjudicial sales under section 7425(b) of the Code and requests for return of wrongfully levied property under section 6343(b) of the Code. The text of those regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the temporary regulations and these proposed regulations.

Proposed Effective Date

These regulations are proposed to apply to any notice of sale filed or request for return of property made after the date that these regulations are published as final regulations in the **Federal Register**.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Internal Revenue Code, this regulation has been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Requests for Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any electronic and written comments (a signed original and eight (8) copies) or electronic comments that are submitted timely to the IRS. The IRS and Treasury Department specifically request comments on the clarity of the proposed rules and how they may be made easier to understand. All comments will be available for public inspection and copying. A public hearing will be scheduled if requested in writing by any

person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Drafting Information

The principal author of these regulations is Robin M. Ferguson, Office of Associate Chief Counsel, Procedure and Administration (Collection, Bankruptcy and Summonses Division).

BILLING CODE 4830-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2006-0849; FRL-8442-7]

Approval and Promulgation of Implementation Plans; Louisiana; Clean Air Interstate Rule Sulfur Dioxide Trading Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a revision to the Louisiana State Implementation Plan (SIP) submitted on September 22, 2006, enacted at Louisiana Administrative Code, Title 33, Part III, Chapter 5, Section 506(C) (LAC 33:III.506(C)). This revision

addresses the requirements of EPA's Clean Air Interstate Rule (CAIR) Sulfur Dioxide (SO₂) Trading Program, promulgated on May 12, 2005 and subsequently revised on April 28, 2006. EPA is proposing to determine that the SIP revision fully implements the CAIR SO₂ requirements for Louisiana. Therefore, as a consequence of the SIP approval, EPA will also withdraw the CAIR Federal Implementation Plan (CAIR FIP) concerning SO₂ emissions for Louisiana. The CAIR FIPs for all States in the CAIR region were promulgated on April 28, 2006 and subsequently revised on December 13, 2006.

CAIR requires States to reduce emissions of SO₂ and nitrogen oxides (NO_x) that significantly contribute to, and interfere with maintenance of, the national ambient air quality standards for fine particulates and/or ozone in any downwind state. CAIR establishes State budgets for SO₂ and NO_x and requires States to submit SIP revisions that implement these budgets in States that EPA concluded did contribute to nonattainment in downwind states. States have the flexibility to choose which control measures to adopt to achieve the budgets, including participating in the EPA-administered cap-and-trade programs. In the SIP revision that EPA is proposing to approve, Louisiana would meet CAIR SO₂ requirements by participating in the EPA-administered cap-and-trade program addressing SO₂ emissions.

The intended effect of this action is to reduce SO₂ emissions from the State of Louisiana that are contributing to nonattainment of the PM_{2.5} National Ambient Air Quality Standard (NAAQS or standard) in downwind states. This action is being taken under section 110 of the Federal Clean Air Act (the Act or CAA).

DATES: Comments must be received on or before August 20, 2007.
