

§336.4 Allocation.

(a) The Tariff Rate Quota licenses will be issued to eligible manufacturers on the basis of the percentage of each manufacturer's quantity of imported woven fabrics described under HTS headings 9902.52.08 through 9902.52.19 during calendar year 2000, compared to the imports of such fabric by all manufacturers that qualify for a Tariff Rate Quota license.

(b) The Department will cause to be published in the **Federal Register** its determination to allocate Tariff Rate Quotas and issue licenses to manufacturers within 60 days after the manufacturers file an application with the Department.

§336.5 Licenses.

(a) Each Licensee will receive a license, which will include a unique control number.

(b) A license may be exercised only for fabric entered for consumption, or withdrawn from warehouse for consumption, during the Tariff Rate Quota Year specified in the license. A licensee will be debited on the basis of date of entry for consumption or withdrawal from warehouse for consumption.

(c) A Licensee may import fabric certified by the importer as suitable for use in making men's and boys' cotton shirts under the Tariff Rate Quota as specified in the license up to the quantity specified in the license subject to the Tariff Rate Quota duty rate. Only a Licensee or an importer authorized by a Licensee will be permitted to import fabric under the Tariff Rate Quota and to receive the Tariff Rate Quota duty rate.

(d) The term of the license shall be the Tariff Rate Quota Year for which it is issued. Fabric may be entered or withdrawn from warehouse for consumption under a license only during the term of that license. The license cannot be used for fabric entered or withdrawn from warehouse for consumption after December 31 of the year of the term of the license.

(e) The importer of fabric entered or withdrawn from warehouse for consumption under a license must be the Licensee or an importer authorized by the licensee to act on its behalf. If the importer of record is the Licensee, the importer must possess the license at the time of filing the entry summary or warehouse withdrawal for consumption (Customs Form 7501).

(f) A Licensee may only authorize an importer to import fabric under the license on its behalf by making such an authorization in writing or by electronic notice to the importer and providing a

copy of such authorization to the Department. A Licensee may only withdraw authorization from an importer by notifying the importer, in writing or by electronic notice, and providing a copy to the Department.

(g) The written authorization must include a unique number of the license, must specifically cover the type of fabric imported, and must be in possession of the importer at the time of filing the entry summary or warehouse withdrawal for consumption (Customs Form 7501), or its electronic equivalent, in order for the importer to obtain the applicable Tariff Rate Quota duty rate. The authorization also must include the unique PIN assigned by the licensee to the importer. A copy of the authorization and PIN assigned to each importer must be provided to the Department by fax (202) 482-0667 or by mail to the Office of Textiles and Apparel, Room 3001, United States Department of Commerce, Washington, D.C. 20230. The licensee also must advise the Department of each authorized importer's Importer of Record Identification Number.

(h) It is the responsibility of the Licensee to safeguard the use of the license issued. The Department and U.S. Customs and Border Protection will not be liable for any improper use of the license.

(i) The licensee should inform its authorized importers that if they enter an amount less than the exact amount requested and authorized by the Import Approval, the importer must annotate the Import Approval form and send a copy to the Department and to the licensee. This annotation will be used to correct the record of use of the license. Failure to provide such information could disrupt the orderly use of the license. Imports in excess of amount of import approval are not authorized.

[Docket No. DEA-257C]

RIN 1117-AA93

Changes in the Regulation of Iodine Crystals and Chemical Mixtures Containing Over 2.2 Percent Iodine; Correction

AGENCY: Drug Enforcement Administration (DEA), Justice

ACTION: Final rule; correction.

SUMMARY: On July 2, 2007, the Drug Enforcement Administration (DEA) published a final rule in the **Federal Register** changing the regulation of iodine under the Controlled Substances Act. Several amendatory instructions amending the Code of Federal Regulations (CFR) to implement this rulemaking were published in error. This correction corrects those errors.

EFFECTIVE DATES: This correction is effective July 24, 2007.

FOR FURTHER INFORMATION CONTACT: Christine A. Sannerud, PhD, Chief, Drug and Chemical Evaluation Section, Office of Diversion Control, Drug Enforcement Administration, Washington, DC 20537 at (202) 307-7183.

SUPPLEMENTARY INFORMATION: On July 2, 2007, the Drug Enforcement Administration (DEA) published a Final Rule in the **Federal Register** (72 FR 35920) changing the regulation of iodine under the Controlled Substances Act. As part of that rulemaking, several sections in Part 1310 of Title 21 of the Code of Federal Regulations (CFR) were amended. However, DEA previously published several documents in the **Federal Register** adding similarly designated paragraphs. Thus, the final rule regarding the regulation of iodine published July 2, 2007 at 72 FR 35920 inadvertently removed those previous amendments. Therefore, this document corrects the amendments to the affected CFR sections to correctly designate paragraphs, thus reflecting all amendments to Part 1310 of Title 21 of the CFR.

■ Accordingly, the final rule published July 2, 2007, at 72 FR 35920 (FR Doc. E7-12736) is corrected as follows:

PART 1310—RECORDS AND REPORTS OF LISTED CHEMICALS AND CERTAIN MACHINES [AMENDED]

■ 1. On page 35931, amendment 4 is corrected to read as follows: "4. Section 1310.02 is amended by adding a new paragraph (a)(29), removing paragraph (b)(11), and redesignating paragraph (b)(12) as paragraph (b)(11) to read as follows:"

§ 1310.02 Substances covered.

■ 2. On page 35931, amendment 5 is corrected to read as follows: "5. Section 1310.04 is amended by removing paragraph (f)(2)(ii)(H); redesignating (f)(2)(ii)(I) and (f)(2)(ii)(J) as (f)(2)(ii)(H)

and (f)(2)(ii)(I); and adding a new paragraph (g)(1)(vii) to read as follows:"

■ 3. On page 35931, amendment 7 is corrected to read as follows: "7. Section 1310.09 is amended by adding new paragraph (i) to read as follows:"

§ 1310.09 Temporary exemption from registration.

* * * * *

(i) Each person required by section 302 of the Act (21 U.S.C. 822) to obtain a registration to manufacture, distribute, import, or export regulated iodine, including regulated iodine chemical mixtures pursuant to §§ 1310.12 and 1310.13, is temporarily exempted from the registration requirement, provided that the Administration receives a proper application for registration or application for exemption for a chemical mixture containing iodine on or before August 31, 2007. The exemption will remain in effect for each person who has made such application until the Administration has approved or denied that application. This exemption applies only to registration; all other chemical control requirements set forth in the Act and parts 1309, 1310, and 1313 of this chapter remain in full force and effect. Any person who distributes, imports, or exports a chemical mixture containing iodine whose application for exemption is subsequently denied by the Administration must obtain a registration with the Administration. A temporary exemption from the registration requirement will also be provided for these persons, provided that the Administration receives a properly completed application for registration on or before 30 days following the date of official Administration notification that the application for exemption has not been approved. The temporary exemption for such persons will remain in effect until the Administration takes final action on their registration application.
