Equistar Chemicals, LP* ("Equistar") (Civil Action No. 1:07-CF-4045), which was lodged with the United States District Court for the Northern District of Illinois on July 18, 2007.

This proposed Consent Decree was lodged simultaneously with the Compliant in this multi-facility, multimedia case covering seven of Equistar's petrochemical plants in four states. Our complaint alleges claims pursuant to Clean Air Act ("CAA"), 42 U.S.C. 7401-7671q; the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6901-6992k; the Clean Water Act ("CWA"), 33 U.S.C. 1251-1387; the Emergency Planning and Community Right-to-Know Act ("EPCRA"), 42 U.S.C. 11001-11050; and the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9601-9675.

Under the settlement, Equistar will take immediate action to correct the regulatory violations identified and will implement enhancements to its air, water and hazardous waste programs at all 7 facilities to address deficiencies across the board. Equistar will also install a waste water treatment plant at the Channelview, Texas, facility as part of an injunctive relief project to eliminate the land disposal of 150,000

tons of benzene hazardous waste per year. The estimated cost to Equistar of implementing all the Consent Decree requirements is \$125 million. In addition, Equistar will pay a civil penalty of \$2.5 million and spend \$6,560,000 on Federal and state Supplemental Environmental Projects ("SEPs"). The federal SEP project will control an estimated 26 tons per year of hazardous air emissions from process vents at Channelview. The state environmental projects include: (1) The purchase of emergency response equipment and newer, cleaner school buses; (2) funding for the Mississippi River Eco Tourism Center; and (3) hazardous waste cleanup activities in the wake of hurricanes Katrina and Rita. The states of Iowa, Illinois, and Louisiana have joined in the settlement, will each file Complaints-in-Intervention and receive a \$178,600 share of the civil penalty.

Comments should be addressed to the Acting Assistant Attorney General, Environment and Natural Resources Division, and may be submitted to: P.O.
