The BSE believes that extending the Linkage fee pilot program until July 31, 2008 will give the Exchange and the Commission additional time and opportunity to evaluate the appropriateness of Linkage fees.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁵ in general, and furthers the objectives of section 6(b)(4) of the Act,⁶ in particular, in that the proposed rule change provides for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

IV. Commission's Findings and Order Granting Accelerated Approval of the Proposed Rule Change

After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange,⁷ and, in particular, the requirements of section 6(b) of the Act⁸ and the rules and regulations thereunder. The Commission finds that the proposed rule change is consistent with section 6(b)(4) of the Act,⁹ which requires that the rules of the Exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Commission believes that the extension of the Linkage fee pilot until July 31, 2008 will give the Exchange and the Commission further opportunity to evaluate whether such fees are appropriate.

⁷ In approving this rule change, the Commission notes that it has considered the proposal's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(4).

The Commission also finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of the notice of filing thereof in the **Federal Register**. The Commission believes that granting accelerated approval of the proposed rule change will preserve the Exchange's existing pilot program for Linkage fees without interruption as the Exchange and the Commission continue considering the appropriateness of Linkage fees.

Therefore, the Commission finds good cause, consistent with section 19(b)(2) of the Exchange Act,¹⁰ to approve the proposed rule change on an accelerated basis.

V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹¹ that the proposed rule change (SR-BSE-2007-33), as modified by Amendment No. 1, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹²

July 27, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 23, 2007, the Chicago Board Options Exchange, Incorporated ("Exchange" or "CBOE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to

section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its delisting policy. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com>), at the Exchange's Office of the Secretary and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 23, 2007, the Commission approved CBOE's rule filing (SR-CBOE-2006-92) to permit thirteen option classes to trade in penny increments in connection with the Penny Pilot Program.⁵ In its rule filing, CBOE discussed the various quote mitigation strategies that it had already implemented and intended to implement. One of the quote mitigation strategies was to adopt a delisting policy. CBOE's delisting policy currently provides that CBOE will delist any equity option class with national average daily volume ("ADV") of less than 20 contracts.

Because CBOE's rule filing relating to the Penny Pilot Program was only approved on a six-month pilot basis, including apparently the delisting policy, CBOE requests that its delisting policy be approved on a permanent basis.⁶

CBOE also proposes to amend its delisting policy to provide that CBOE may make exceptions to its delisting policy in appropriate circumstances. For example, if an option class that otherwise would qualify to be delisted (due to having a national ADV of less than 20 contracts) experiences a significant increase in trading volume, CBOE could choose not to delist the option class. To qualify, the option class would need to have a national ADV of 20 or more contracts in the month immediately preceding its scheduled delisting, or in the twenty trading days prior to its scheduled delisting.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of section 6(b) of the Act.⁷ Specifically, the Exchange believes the proposed rule change is consistent with the section 6(b)(5) Act⁸ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6) thereunder,¹⁰ because the foregoing proposed rule does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from

the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

A proposed rule change filed under Rule 19b-4(f)(6) normally may not become operative prior to 30-days after the date of filing.¹¹ However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.¹² The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay to allow the Exchange's delisting policy as it currently exists to continue on a permanent basis is consistent with the protection of investors and the public interest because such waiver will ensure continuity of the Exchange's policy and will allow the Exchange's quote mitigation strategy to remain in effect without interruption. However, with regard to CBOE's proposal to amend its policy, the Commission does not believe that waiver of the operative delay is warranted. Therefore, the Commission designates the proposal seeking to make the delisting policy effective on a permanent basis to be operative upon filing with the Commission.¹³ The proposed amendments to the policy will become operative after the 30-day operative delay.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁴

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹¹ 17 CFR 240.19b-4(f)(6)(iii). In addition, Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to give the Commission notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. CBOE has satisfied the five-day pre-filing requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-56156; File No. SR-ISE-2007-66]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to an Extension for the Price Improvement Mechanism Pilot Program

July 27, 2007.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 24, 2007, the International Securities Exchange, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the ISE. The ISE has designated the proposed rule change as a "non-controversial" rule change pursuant to section 19(b)(3)(A) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is proposing to extend two pilot programs related to its Price Improvement Mechanism ("PIM") contained in paragraphs .03 and .05 of the Supplemental Material to Rule 723. The text of the proposed rule change is available on ISE's Web site at <http://www.ise.com>, at ISE's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the ISE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The ISE has prepared summaries, set forth in sections A, B,

and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange currently has two pilot programs related to its PIM.⁵ The current pilot period provided in paragraphs .03 and .05 of the Supplementary Material to Rule 723 was due to expire on July 18, 2007 and was extended until July 25, 2007.⁶ The Exchange now proposes to extend the two pilot programs until July 18, 2008. Paragraph .03 provides that there is no minimum size requirement for orders to be eligible for the Price Improvement Mechanism. Paragraph .05 concerns the termination of the exposure period by unrelated orders. The Exchange proposes to extend these pilots until July 18, 2008 to give the Exchange and the Commission additional time to evaluate the effects of the provisions before requesting permanent approval of the rules.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(b) of the Act,⁷ in general, and furthers the objectives of section 6(b)(5) of the Act,⁸ in particular, in that the proposed rule change is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. Since the PIM has only been operating for a relatively short period of time, the Exchange believes it is appropriate to extend the pilot periods to provide the Exchange and Commission more data upon which to evaluate the rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.
