Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and

interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). [Docket Nos. CP06-470-000; CP06-471-000; CP06-472-000; CP06-473-000; CP06-474-000]

Southern LNG, Inc.; Elba Express Company, LLC; Southern Natural Gas Company; Notice Accepting in Part and Rejecting in Part Landowner Intervenor's Additional Filings in Support of Comments to the Draft Environmental Impact Statement for the Proposed Elba III Project

July 27, 2007.

On July 12, 2007, Latha Anderson, et al., and certain Landowner Intervenor (Intervenor) submitted six DVDs in support of Intervenor's Comments to the Draft Environmental Impact Statement for the Proposed Elba III Project in the above referenced dockets.

After receipt of the filing, the staff of the Federal Energy Regulatory Commission (FERC or Commission) has determined that the two of the six DVDs

(Comments to Draft Environmental Impact Statement [previously submitted as Second Supplemental Comments on Draft EIS by Landowner Intervenor] and "photographs from individual property owners) are acceptable submittals which will be considered in the Final Environmental Impact Statement. However, the remaining four DVDs ("Elbert, Wilkes, and McDuffie County USGS Topographic Maps", "Elbert, Wilkes, and McDuffie County Aerial Photographs", "Eastern and Western Georgia Digital Elevation Models", and "GIS, Historical Documents, and List of Property Owners and Parcel IDs") are hereby rejected for failure to comply with the Commission's Submission Guidelines for CDs, DVDs, and Other Electronic Media (Guidelines),¹ as outlined below:

- The data files on the DVDs include files that exceed the 50-MB limit per file;
- There are 7 unacceptable file types submitted (constituting over 60 files) which prohibit both FERC staff and the public from viewing the DVDs; and
- There are 18 file names which contain more than one period in the name (a double file extension).

Accordingly, the four specified DVDs of Intervenor's July 12, 2007 submission to the Commission are hereby rejected without prejudice to Intervenor's resubmitting this portion of its filing in accordance with the Guidelines.
