

This form would be used for complaints that do not come within the scope of any of the other subparts of FCC Form 2000. Some of the areas covered by this form would be interference to non-emergency services or communications, such as garage door openers or home appliances, as well as amateur or Citizens Band (CB) radio issues.

FCC Form 2000 will allow the Commission to collect detailed information from complainants concerning possible violations of the Act and the Commission's rules, which will enable the Commission to investigate such allegations more efficiently and to initiate enforcement actions against violators as appropriate. By collecting complaint information in a single, comprehensive template, the form will provide a standardized way for complainants to provide their information, thus reducing the need for further documentation or questions from FCC investigators to determine whether violations have occurred. This approach will ensure that complainants present their information in a way that maximizes the FCC's ability to take enforcement action against violators and protects complainants from violations that are unjust, unreasonable, and potentially hazardous to life and property. Additionally, FCC Form 2000's format reduces the need for complainants to compose narratives with all the information necessary for the Commission to begin an investigation, principally by including fields for and examples of the information most commonly needed for investigations of the most common types of violations. The form will allow the Commission to gather and review this information more efficiently. The information collected by FCC Form 2000 may ultimately become the foundation for enforcement actions and/or rulemaking proceedings, as appropriate.

FCC Form 475-B, Obscene, Profane, and Indecent Complaint Form. This form is used by consumers to lay out precisely their complaint(s) and issue(s) concerning the practices of the communications entities, which consumers believe may have aired obscene, profane, and/or indecent programming. FCC Form 475-B will remain unchanged.
