

Procedural. Working groups have been formed to examine the following issues: dredging and related issues, electronic navigation systems, AtoN knockdowns, impact of passing vessels on moored ships, boater education issues, facilitating deep draft movements, mooring infrastructure, and safe refuge during hurricanes. Not all working groups will provide a report at this session. Further, working group reports may not necessarily include discussions on all issues within the particular working group's area of responsibility. All meetings are open to the public. Members of the public may make presentations, oral or written, at either meeting. Requests to make oral or written presentations should reach the Coast Guard five (5) working days before the meeting at which the presentation will be made. If you would like to have written materials distributed to each member of the committee in advance of the meeting, you should send your request along with nineteen (19) copies of the materials to the Coast Guard at least ten (10) working days before the meeting at which the presentation will be made.

Information on Services for the Handicapped: For information on facilities or services for the handicapped or to request special assistance at the meetings, contact the Executive Secretary or Assistant to the Executive Secretary as soon as possible.

Dated: July 25, 2007.

Joel R. Whitehead,

Rear Admiral, U.S. Coast Guard, Commander, Eighth Coast Guard District.

BILLING CODE 4310-RK-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Modoc National Wildlife Refuge, Modoc County, CA

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent to prepare a comprehensive conservation plan and environmental assessment.

SUMMARY: The U.S. Fish and Wildlife Service (Service) is preparing a Comprehensive Conservation Plan (CCP) and Environmental Assessment (EA) for the Modoc National Wildlife Refuge (Refuge) located in Modoc County of California. This notice advises the public that the Service intends to gather information necessary to prepare a CCP and EA pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended, and the National Environmental Policy Act (NEPA). The public and other agencies are encouraged to participate in the planning process by sending written comments on management actions that the Service should consider. The Service is also furnishing this notice in compliance with the Service CCP policy

to obtain suggestions and information on the scope of issues to include in the CCP and EA. Opportunities for public input will be announced throughout the CCP/EA planning and development process.

DATES: To ensure that the Service has adequate time to evaluate and incorporate suggestions and other input into the planning process, comments should be received on or before September 30, 2007.

ADDRESSES: Send written comments or requests to be added to the mailing list to the following address: Jackie Ferrier, Refuge Planner, Sacramento National Wildlife Refuge, 752 County Road 99W, Willows, CA 95988. Written comments may also be faxed to (530) 934-7814, or sent by electronic mail to jackie_ferrier@fws.gov. You may find additional information concerning the Refuge at the Internet site <http://www.fws.gov/modoc/>.

FOR FURTHER INFORMATION CONTACT: Jackie Ferrier, Refuge Planner, at (530) 934-2801 or Steve Clay, Refuge Manager, at (530) 233-3572.

SUPPLEMENTARY INFORMATION: The National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the Service to develop a CCP for each National Wildlife Refuge. The purpose in developing a CCP is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife, plants and their habitats, the CCP will identify compatible wildlife-dependent recreational opportunities available to the public. The recreational opportunities that will receive priority consideration are hunting, fishing, wildlife observation and photography, and environmental education and interpretation. The planning process will consider many other elements, including cultural resource protection, environmental effects, and administrative resources. Public input into this planning process is very important. The CCP will provide other agencies and the public with a clear understanding of the desired conditions for the Refuge and how the Service will implement management strategies.

Comments received will be used to help develop goals and objectives, as well as identify key issues evaluated in the NEPA document. All comments
