

For this pilot study, 16 neighborhoods will be selected in two metropolitan areas (Phoenix, AZ and Syracuse, NY). Each neighborhood sample will be split into two groups, with 50 households assigned to a mail survey group and 50 households assigned to an in-person survey group. The in-person survey will be conducted in a manner that minimizes the differences between the two survey modes.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Frequency of collection: Once.

Description of Respondents: Residents of Atlanta, GA, Chicago, IL, Sacramento, CA (focus groups) and Phoenix, AZ and Syracuse, NY (response rate pilot study).

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

United States Section; Notice of Availability of Draft Programmatic Environmental Impact Statement, Improvements to the USIBWC Rio Grande Flood Control Projects Along the Texas-Mexico Border

AGENCY: United States Section, International Boundary and Water Commission (USIBWC).

ACTION: Notice of availability of Draft Programmatic Environmental Impact Statement.

SUMMARY: Pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, as amended, the United States Section, International Boundary and Water Commission (USIBWC) has prepared a Draft Programmatic Environmental Impact Statement (Draft PEIS) for future improvements to three Rio Grande Flood Control Projects (FCP) operated by the USIBWC along the Texas-Mexico Border: the Rectification FCP, the Presidio FCP and Lower Rio Grande FCP. The PEIS, prepared in cooperation with the United States Bureau of Reclamation, United States Fish and Wildlife Service and United States Army Corps of Engineers, analyzes potential impacts of the No Action Alternative and three action alternatives for future FCP improvements under consideration.

Because several measures under consideration are at a conceptual level of development, the USIBWC has taken a broad programmatic look at the
