

EPA has established a public docket for this ICR under Docket ID Number EPA-HQ-OECA-2006-0775, which is available for public viewing online at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket Center is (202) 566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: NSPS for Stationary Gas Turbines (Renewal).

ICR Numbers: EPA ICR Number 1071.09, OMB Control Number 2060-0028.

ICR Status: This ICR is scheduled to expire on August 31, 2007. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The New Source Performance Standard (NSPS) for Stationary Gas Turbines (40 CFR part 60, subpart GG) were proposed on

October 3, 1977, and promulgated on September 10, 1979. Owners and operators of stationary gas turbines must submit a one-time-only notification of construction/reconstruction, modification, and startup date, initial performance test date, physical or operational changes, and demonstration of a continuous monitoring system. They also must provide a report on initial performance test result, monitoring results and any excess emissions. Records must be maintained of startups, shutdowns, malfunctions; periods when the continuous monitoring system is inoperative; sulfur and nitrogen content of the fuel; fuel to water ration; rate of fuel consumption; and ambient conditions. Semiannual reports are also required.

Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least two years following the date of such measurements, maintenance reports and records. All reports are sent to the delegated state or local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA regional office. This information is being collected to assure compliance with 40 CFR part 60, subpart GG, as authorized in section 112 and 114(a) of the Clean Air Act. The required information consists of emissions data and other information that have been determined to be private.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. The OMB Control Number for EPA's regulations are listed in 40 CFR part 9 and 48 CFR chapter 15, and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 56 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and

review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Stationary gas turbines.

Estimated Number of Respondents: 535.

Frequency of Response: Initially, semiannually, and occasionally.

Estimated Total Annual Hour Burden: 59,519.

Estimated Total Costs: \$3,837,190 which includes \$0 annualized Capital Startup costs, \$0 annualized Operations & Maintenance costs (O&M) and \$3,837,190 annualized Labor Costs.

Changes in the Estimates: There is no change in the labor hours or cost in this ICR compared to the previous ICR. This is due to two considerations. First, the regulations have not changed over the past three years and are not anticipated to change over the next three years. Secondly, the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden.

Dated: August 3, 2007.

Sara Hisel-McCoy,

Acting Director, Collection Strategies Division.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at 202-564-7167.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 6, 2007 (72 FR 17156).

Draft EISs

EIS No. 20070207, ERP No. D-AFS-J65482-SD, Citadel Project Area, Proposes to Implement Multiple Resource Management Actions, Northern Hills Ranger District, Black Hills National Forest, Lawrence County, SD

Summary: EPA expressed environmental concerns about the potential impacts to water quality,

aquatic resources and wildlife habitat from new road construction and impacts from existing roads need maintenance, and suggested that the final EIS include additional information on implementing proposed road closures.

Rating EC2.

EIS No. 20070222, ERP No. D-AFS-J65484-MT, Grizzly Vegetation and Transportation Management Project, Proposes Timber Harvest, Prescribed Burning, Road Maintenance, and Transportation Management Actions, Three Rivers Ranger District, Kootenai National Forest, Lincoln County, MT

Summary: EPA expressed environmental concerns about potential adverse impacts to soil and water quality.

Rating EC2.

EIS No. 20070238, ERP No. D-AFS-K65328-00, Mt. Ashland Late-Successional Reserve Habitat Restoration and Fuels Reduction Project, To Promote and Maintain Late-Successional Habitat, Oak Ranger District, Klamath National Forest, Siskiyou County, CA and Jackson County, OR

Summary: EPA expressed environmental concerns about impacts to riparian areas and the watershed from proposed silviculture treatments and recommended that the Final EIS include information about potential source water locations in the project area, and identify Alternative 5 as the Preferred Alternative.

Rating EC2.

Final EISs

EIS No. 20070219, ERP No. F-AFS-J65478-00, Norwood Project, Proposes to Implement Multiple Resource Management Actions, Black Hills National Forest, Hell Canyon Ranger District, Pennington County, SD and Weston and Crook Counties, WY

Summary: The final EIS and additional information adequately addressed EPA's concerns with impacts to water quality soils and wetlands, roads, sedimentation and OHV use, invasive and noxious weeds, and wildlife habitat; therefore, EPA does not object to this proposed action.

EIS No. 20070233, ERP No. F-NPS-J65461-CO, Great Sand Dunes National and Preserve. General Management Plan/Wilderness Study, Implementation, Alamos and Saguache Counties, CO

Summary: No formal comment letter was sent to the preparing agency.

EIS No. 20070235, ERP No. F-BLM-K65306-CA, Alturas Field Office Project, Resource Management Plan,

Implementation, Alturas Field Office Project, Resource Management Plan, Implementation, Lassen, Modoc, Shasta and Siskiyou Counties, CA

Summary: EPA continues to have environmental concerns about water quality, soil condition and rangeland habitat, and requested that BLM focus on relieving grazing pressure in Category 1 rangelands until these areas improve. EPA also requested the closure of OHV route segments adjacent to waters to improve soil conditions, habitat, and water quality.

EIS No. 20070236, ERP No. F-BLM-K65307-00, Eagle Lake Field Office Project, Resource Management Plan, Implementation, Lassen, Plumas, Sierra Counties, CA and Washoe County, NV

Summary: EPA continues to have environmental concerns about water quality and soil condition and rangeland habitat, and requested that BLM focus on relieving grazing pressure in Category 1 rangelands until these areas improve. EPA also requested the closure of additional OHV route segments adjacent to waters to improve soil conditions, habitat, and water quality.

EIS No. 20070240, ERP No. F-AFS-J65401-00, Northern Rockies Lynx Management Direction, Selected Alternative F, Conservation and Promote Recovery of the Canada Lynx, NFS and BLM to Amend Land Resource Management Plans for 18 National Forests (NF), MT, WY, UT, and ID

Summary: EPA continues to have environmental concerns about mitigation measures to protect the lynx and its habitat.

EIS No. 20070283, ERP No. F-AFS-L65532-OR, Five Buttes Project, Conduct Vegetation Management Activities, Implementation, Deschutes National Forest, Crescent Ranger District, Deschutes County, OR

Summary: No formal comment letter was sent to the preparing agency.

EIS No. 20070293, ERP No. F-SFW-A65170-00, Light Goose Management Plan, Reducing and Stabilizing Specific Populations "Light Geese" in North America, Implementation

Summary: EPA does not object to the proposed action.

EIS No. 20070254, ERP No. FS-TVA-E06008-TN, Watts Bar Nuclear Plant Unit 2, Completion and Operation, Updated Information on Extensive Environmental Record, Rhea County, TN

Summary: EPA continues to have environmental concerns about the

ongoing need for appropriate storage and ultimate disposition of radioactive waste generated on-site. EPA also has concerns about the lack of measures to limit bioentrainment and other impacts to aquatic species from surface water withdrawals and discharges.

Dated: August 7, 2007.
