SUPPLEMENTARY INFORMATION: On June
25, 2007, the Architectural and
Transportation Barriers Compliance
Board (Access Board) published a notice
of intent to establish an advisory
committee to make recommendations on
issues related to the effectiveness of
emergency alarm systems for
individuals with hearing loss or
deafness on passenger vessels. (72 FR
34653; June 25, 2007). The notice
identified the interests that are likely to
be significantly affected by this
rulemaking:

- Individuals with hearing loss or
deafness, and other individuals with
disabilities concerned about emergency
alarm systems on passenger vessels;
- Passenger vessel operators;
- Manufacturers and designers of
emergency alarm systems on passenger
vessels; and
- Voluntary codes and standards
groups which address emergency alarms
on passenger vessels.

For the reasons stated in the notice of
intent, the Access Board has determined
that establishing the Passenger Vessel
Emergency Alarms Advisory Committee
(Committee) is necessary and in the
public interest. The Access Board has

appointed the following organizations
as members to the Committee:

- Community Emergency
Preparedness Information Network.
- Cruise Lines International
Association.
- Epilepsy Foundation.
- Gallaudet University.
- Hearing Access Program.

Marine Engineers.

Committee meetings will be open to
the public and interested persons can
attend the meetings and communicate
their views. Members of the public will
have opportunities to address the
Committee on issues of interest to them
and the Committee. Members of groups
or individuals who are not members of
the Committee may also have the
opportunity to participate with
subcommittees of the Committee. The
Access Board believes that participation
of this kind can be very valuable for the
advisory committee process. Additionally,
all interested persons will have the
opportunity to comment when
proposed rules regarding passenger
vessel accessibility are issued in the
Federal Register by the Access Board.

The meeting site is accessible to
individuals with disabilities. Sign
language interpreters, an assistive
listening system, and computer assisted
real-time transcription (CART) will be
provided. Persons attending the meeting
are requested to refrain from using
perfume, cologne, and other fragrances
for the comfort of other participants.

Chair, Architectural and Transportation
Barriers Compliance Board.
