OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 990

RIN 3206-AJ97

General and Miscellaneous

AGENCY: Office of Personnel Management.

ACTION: Final rule.

SUMMARY: The Office of Personnel Management (OPM) is issuing final regulations to remove its regulation concerning the submission of claims by preference eligibles to OPM and the recognition of representatives by OPM. The purpose of this revision to part 990 is to eliminate the part because it is obsolete. OPM no longer adjudicates claims or appeals under sections 3502, 3503, or 7701 of title 5, United States Code. That appellate function was vested in the Merit Systems Protection Board, created by the Civil Service Reform Act of 1978. Accordingly, there is no basis to retain the provisions of part 990 in the Code of Federal Regulations.

DATES: *Effective Date:* August 13, 2007.

SUPPLEMENTARY INFORMATION: On May 27, 2003, OPM issued proposed regulations at **Federal Register** 68 FR 28806 to remove and reserve part 990 from the Code of Federal Regulations. No comments were received and the proposed rule is adopted as a final rule without change.

NUCLEAR REGULATORY COMMISSION

10 CFR Parts 32 and 35

RIN 3150-AI14

Medical Use of Byproduct Material—Minor Corrections and Clarifications

AGENCY: Nuclear Regulatory Commission.

ACTION: Direct final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is amending its regulations to correct or clarify the rule language in several sections in the regulations that govern specific domestic licenses to manufacture or transfer certain items containing byproduct material and medical use of byproduct material. The regulations that govern medical use of byproduct materials were amended in their entirety on April 24, 2002 (67 FR 20249). Subsequently, these regulations were amended again to revise the training and experience requirements for the medical use of byproduct material on March 30, 2005 (70 FR 16336). Through implementation of these revised regulations, the NRC has identified additional changes that need to be made to these regulations. This

action is necessary to clarify certain provisions and to make certain conforming changes to the regulations.

DATES: The final rule is effective on October 29, 2007, unless significant adverse comments are received by September 12, 2007. A significant adverse comment is a comment where the commenter explains why the rule would be inappropriate, including challenges to the rule's underlying premise or approach, or would be ineffective or unacceptable without a change. If the rule is withdrawn due to significant adverse comments, timely notice will be provided in the **Federal Register**.
