

with its determination of violation, the Commission issued a Limited Exclusion Order and Cease and Desist Order related to claim 48 of the '627 patent and claims 17 and 18 of the '173 patent.

On June 18, 2007, Metrologic filed a request for an advisory opinion under Commission Rule 210.79 (19 CFR 210.79) that would declare that its new scan module does not infringe claim 17 or 18 of the '173 patent and claim 48 of the '627 patent, and therefore is not covered by the Commission's Limited Exclusion Order or Cease and Desist Order issued on May 30, 2007. Metrologic further requested that the Commission conduct all proceedings related to the advisory opinion in an expedited manner and on summary determination based upon the evidence presented in its request without formal hearing or discovery.

The Commission has examined Metrologic's request for an advisory opinion and has determined that it complies with the requirements for institution of an advisory opinion proceeding under Commission Rule 210.79(a). Accordingly, the Commission has determined to institute an advisory opinion proceeding. The Commission directs Symbol and the IA to state their views regarding whether they oppose Metrologic's request for an advisory opinion that the new scan module is not covered by the Limited Exclusion Order or Cease and Desist Order, and if so, whether they believe the matter should be referred to the ALJ.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.79(a) of the Commission's Rules of Practice and Procedure (19 CFR 210.79(a)).

Issued: August 10, 2007.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

Under 42 U.S.C. 9622(d)(2) and 28 C.F.R. 50.7, notice is hereby given that on August 2, 2007, a proposed consent decree in *United States v. Waste Management of Wisconsin, Inc.*, Civil Action Number 07-C-0424-C, was lodged with the United States District Court for the Western District of Wisconsin.

The consent decree resolves claims against Waste Management of Wisconsin, Inc. ("WMWI") on behalf of the Environmental Protection Agency ("EPA") under Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9606 and 9607, for response action to be taken and response costs to be incurred in responding to the release and threatened release of hazardous substances at the Hagen Farm Superfund Site ("Site") in Dane County, Wisconsin.

WMWI has been performing the remedial action for the Site under a unilateral administrative order issued by EPA. Under the consent decree,

WMWI will complete performance of the Site remedy and will reimburse the United States for response costs the United States will incur at the Site. The consent decree also provides for disbursement to WMWI, if specified conditions are met, of approximately \$1.525 million credited to the Site from the proceeds of a prior, separate settlement in *In re U.E. Systems, Inc., et al.*, No. 91-32791 (Bankr. N.D. Ind.). The *U.E. Systems* settlement required that amounts recovered therein "shall reduce the liability of the non-settling potentially responsible parties * * * by the amount of the credit." The proposed consent decree with WMWI will implement that provision of the *U.E. Systems* settlement while also providing the United States with essentially full recovery of all response costs incurred or to be incurred by the United States in connection with the Site.

For a period of thirty (30) days from the date of this publication, the Department of Justice will receive comments relating to the proposed Consent Decree.
