Resource Management Plan, Newlands Project, Washoe, Lyon, and Churchill Counties, NV

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent to prepare an environmental document (environmental assessment or environmental impact statement) and notice of public meetings.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA), the Bureau of Reclamation (Reclamation) proposes to prepare an environmental document for the purpose of evaluating options for management of natural resources within the Newlands Project.

The purpose of the action is to prepare a Resource Management Plan (RMP) for the lands managed in association with the Newlands Project. The RMP will be used to foster proper stewardship of public lands. The plan will outline Reclamation management actions that will be implemented over a 10-year planning span.

DATES: Public scoping meetings will be held to solicit public input on identification of resource issues on Newlands Project lands and features, and for the development of alternative management strategies for those resources. There will be additional opportunities to comment on the scope of alternatives and impacts at such time as those alternatives and impacts have been further developed through the RMP and NEPA process.

The meetings dates and times are as follows:

- Tuesday, September 18, 2007, 6 to 8 p.m., Reno, NV.
- Wednesday, September 19, 2007, 6 to 8 p.m., Fallon, NV.

Reclamation's authority to prepare RMPs is specifically outlined in the Reclamation Recreation Management Act of 1992 (Pub.L. 102-575, Title 28). The Act authorized the preparation of RMPs to "provide for the development, use, conservation, protection, enhancement, and management of resources of Reclamation lands *in a manner that is compatible with the authorized purposes of the Reclamation Project* associated with the Reclamation lands."

The Newlands Project is primarily an irrigation project as set forth in legislation. The purposes of the Newlands Project were expanded in 1990 under Section 209 of Public Law 101-618. In addition to the existing irrigation purpose of the Newlands Reclamation Project, the Secretary of Interior is authorized to operate and maintain the project for the purposes of:

1. Fish and wildlife, including endangered and threatened species;
2. Municipal and industrial water supply in Lyon and Churchill counties, Nevada, including the Fallon Indian Reservation;
3. Recreation;
