**SUPPLEMENTARY INFORMATION:** In the final rules section of this **Federal Register**, EPA is approving the Louisiana State Plan.

The EPA is taking direct final action without prior proposal because EPA views this as a non-controversial action and anticipates no adverse comments. A detailed rationale for this is set forth in the preamble to the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comments on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not subject of an adverse comment. For additional information, see the direct final rule which is published in the Rules section of this **Federal Register**.

**Authority:** This action is issued under the authority of section 111 of the Clean Air Act, as amended, 42 U.S.C. 7412.

#### New Mexico: Final Authorization of State Hazardous Waste Management Program Revisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The State of New Mexico has applied to EPA for Final Authorization of changes to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant Final Authorization to the State of New Mexico. In the "Rules and Regulations"

section of this **Federal Register**, EPA is authorizing the changes by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we get written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we receive comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

**DATES:** Send your written comments by September 17, 2007.

#### Endangered and Threatened Wildlife and Plants; Designation of Critical Habitat for the Cape Sable Seaside Sparrow

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Proposed rule; reopening of comment period, availability of draft economic analysis, announcement of public hearing, and amended required determinations.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), are reopening the comment period on our October 31, 2006, proposed revision of critical habitat for the Cape Sable seaside sparrow (*Ammodramus maritimus mirabilis* under the Endangered Species Act of 1973, as amended (Act). We also announce the availability of the draft economic analysis for the proposed critical habitat revision and provide amended required determinations for the proposal. The draft economic analysis estimated potential future impacts associated with conservation efforts for the sparrow in areas proposed for designation to be \$32.2 million over the next 20 years (undiscounted). The present value of these impacts is \$26.9 million, using a discount rate of 3 percent, or \$22.2 million, using a discount rate of 7 percent. The annualized value of these impacts is \$1.8 million, using a discount rate of 3 percent, or \$2.1 million, using a discount rate of 7 percent. Finally, we announce a public hearing during the reopening of the comment period. We are taking these actions to allow all interested parties an opportunity to comment simultaneously on the original proposal rule and the newly available associated draft economic analysis. Previously submitted comments need not be resubmitted; they are already part of the public record that we will consider in preparing our final rule determination.

**DATES:** We will accept public comments until September 17, 2007. We will hold one public hearing on August 29, 2007, on the proposed critical habitat designation and the draft economic analysis. See "Public Hearing" under **SUPPLEMENTARY INFORMATION** for details.
