

information on the elements of the Executive Order.) Please include your name, the organization you represent, and a brief description of the issue you would like to present. Presenters will be allowed three to five minutes to make their comments. Presenters are requested to submit three written copies and an electronic file (CD or diskette) of their comments at the meeting, which should be labeled with their name and contact information. Individuals solely interested in attending the meeting are advised to register in advance to ensure space availability.

Given the expected number of individuals interested in providing comments at the meeting, reservations for presenting comments should be made as soon as possible. Reservations will be processed on a first-come, first-served basis. Persons who are unable to obtain reservations to speak during the meeting are encouraged to submit written comments. Written comments will be accepted at the meeting site or via e-mail at

NationalMathPanel@ed.gov. If you will be e-mailing written comments, please do so by Wednesday, August 22, 2007. Please note that comments submitted to the National Mathematics Advisory Panel in any format—through e-mail, the U.S. postal service and/or in person during the public comment sessions at meetings—are considered to be part of the public record of the Panel's deliberations, and will be posted on the Web site.

The Panel has submitted its Preliminary Report to the President, through the U.S. Secretary of Education. The Preliminary Report is available at <http://www.ed.gov/mathpanel>. The Final Report will be submitted not later than February 28, 2008, and will, at a minimum, contain recommendations on improving mathematics education based on the best available scientific evidence.

The meeting site is accessible to individuals with disabilities. Individuals who will need accommodations in order to attend the meeting, such as interpreting services, assistive listening devices, or materials in alternative format, should notify Jennifer Graban at (202) 260-1491 or Jennifer.Graban@ed.gov no later than Wednesday, August 22, 2007. We will attempt to meet requests for accommodations after this date, but cannot guarantee their availability.

Records are kept of all Panel proceedings and are available for public inspection at the staff office for the Panel, from the hours of 9 a.m. to 5 p.m., Monday through Friday.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EC07-122-000]

Energy East Corporation, Iberdrola, S.A.; Notice of Filing

August 10, 2007.

Take notice that on August 1, 2007, Energy East Corporation, on behalf of itself and its public utility affiliates and Iberdrola, S.A., on behalf of itself and its public utility affiliates filed a joint application for authorization of merger under section 203 of the Federal Power Act and Part 33 of the Rules and Regulations of the Federal Energy Regulatory Commission.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the

"eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on September 17, 2007.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP06-200-031]

Notice of Tariff Filing and Negotiated Rate; Rockies Express Pipeline, LLC.

August 10, 2007.

Take notice that on July 20, 2007, Rockies Express Pipeline, LLC (REX) tendered for filing as part of its FERC Gas Tariff the following tariff sheets, to be effective July 21, 2007:

Twenty-Sixth Revised Sheet No. 22

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed in accordance with the provisions of section 154.210 of the Commission's regulations (18 CFR 154.210). Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or

protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP05-91-000; CP05-380-000]

Calhoun LNG, L.P., Point Comfort Pipeline Company, L.P.; Notice of Availability of the Final Environmental Impact Statement for the Proposed Calhoun LNG Terminal and Pipeline Project

August 10, 2007.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this Final Environmental Impact Statement (EIS) for a liquefied natural gas (LNG) import terminal and natural gas pipeline facilities proposed by Calhoun LNG, L.P. and Point Comfort Pipeline Company, L.P. (collectively referred to as Calhoun Point Comfort) in the above-referenced dockets. The Calhoun LNG Terminal and Pipeline Project (Project) would be located in Calhoun and Jackson Counties, Texas.

The Final EIS was prepared to satisfy the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that the proposed Project, with the appropriate mitigation measures as recommended, would have limited adverse environmental impact.

The U.S. Army Corps of Engineers (Corps), U.S. Coast Guard, (Coast Guard), U.S. Fish and Wildlife Service (FWS); National Oceanic and Atmospheric Administration, National Marine Fisheries Service (NOAA Fisheries); U.S. Environmental Protection Agency (EPA); and the U.S. Department of Transportation (DOT) are federal cooperating agencies for the development of this EIS. A federal cooperating agency has jurisdiction by law or special expertise with respect to any environmental impact involved with the proposal and is involved in the NEPA analysis.

The general purpose of the proposed Project is to import, store, and vaporize on average about 1.0 billion cubic feet per day (bcfd) of LNG to provide a competitive supply of natural gas to local industrial customers and to deliver natural gas into existing interstate and intrastate natural gas pipelines.

The Final EIS addresses the potential environmental impacts from the construction and operation of the following facilities:

- A new marine terminal on the southeastern shore of Lavaca Bay, south of Point Comfort, in Calhoun County, Texas that could accommodate about 120 LNG vessels per year;
- two full containment LNG storage tanks each with a nominal working volume of approximately 160,000 m³ (1,006,000 barrels equivalent);
- associated LNG vaporization and processing equipment;
- an approximately 27.1-mile-long, 36-inch-diameter natural gas pipeline extending northward from the LNG terminal to natural gas pipeline interconnects southwest of Edna, Texas;
- a 0.25-mile-long, 8-inch-diameter natural gas pipeline lateral extending from the proposed pipeline to a meter station servicing the Formosa Hydrocarbons Company (Formosa Lateral);
- a 0.25-mile-long, 16-inch-diameter natural gas pipeline lateral extending from the proposed pipeline to a meter station servicing the Transcontinental Gas Pipeline Corporation (Transco Lateral);
- ten delivery points/interconnects; and
- associated pipeline facilities including pig launcher and receiver facilities and three mainline valves.

In a separate, but related action, the Calhoun County Navigational District (CCND) would dredge a turning basin and ship berth affecting about 49 acres of Lavaca Bay, resulting in the need to dispose of approximately 2.7 million cubic yards of dredged material. This activity is essential to the operation of

the Calhoun LNG Project. Calhoun Point Comfort would use the CCND's turning basin to maneuver its LNG ships.

Dependent upon Commission approval, Calhoun Point Comfort anticipates it would complete construction and begin operating the proposed Project in 2010.

The Final EIS has been placed in the public files of the FERC and is available for public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street NE., Room 2A, Washington, DC 20426, (202) 502-8371.

A limited number of copies of the Final EIS are available from the Public Reference Room identified above. In addition, the Final EIS has been mailed to affected landowners; various federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; local libraries and newspapers; intervenors; and other individuals that expressed an interest in the proposed Project.

In accordance with the Council on Environmental Quality's (CEQ) regulations implementing NEPA, no agency decision on a proposed action may be made until 30 days after the EPA publishes a notice of availability of a Final EIS. However, the CEQ regulations provide an exception to this rule when an agency decision is subject to a formal internal process that allows other agencies or the public to make their views known. In such cases, the agency decision may be made at the same time the notice of the Final EIS is published, allowing both periods to run concurrently. Should the FERC issue Calhoun Point Comfort authorizations for the proposed Project, it would be subject to a 30-day rehearing period. Therefore, the Commission could issue its decision concurrently with the EPA's notice of availability.

Additional information about the proposed Project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>). To access information via the FERC Web site click on the "eLibrary" link then click on "General Search" and enter the docket number (CP05-91) excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. The "eLibrary" link provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings. For assistance with "eLibrary", please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659.
