The lease, when issued, will be subject to the following terms:

1. The Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

3. Provisions of Title VI of the Civil Rights Act of 1964.

4. Provisions that the lease be operated in compliance with the approved Development Plan.

The patent document, when issued, will be subject to the provisions of the R&PP Act and applicable regulations of the Secretary of the Interior and will contain the following terms, conditions, and reservations to the United States:

Provisions that if the patentee or its successor attempts to transfer title to or control over the land to another or the land is devoted to a use other than that for which the land was conveyed, without the consent of the Secretary of the Interior or his delegate, or prohibits or restricts, directly or indirectly, or permits its agents, employees, contractors, or subcontractors, including without limitation, lessees, sublessees and permittees, to prohibit or restrict, directly or indirectly, the use of any part of the patented lands or any of the facilities whereon by any person because of such person's race, creed, sex, color, or national origin, title shall revert to the United States.

The lands are not needed for Federal purposes. Leasing and later patenting is consistent with current Bureau of Land Management policies and land use planning.
