SUPPLEMENTARY INFORMATION:

Authority To Grant Waivers

The first federal Fiscal Year (FY) 2006 supplemental appropriation for the CDBG program was the Department of Defense, Emergency Supplemental Appropriations to Address Hurricanes in the Gulf of Mexico, and Pandemic Influenza Act, 2006 (Pub. L. 109–148, approved December 30, 2005). The second 2006 supplemental appropriation was Chapter 9 of Title II of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Hurricane Recovery, 2006 (Pub. L. 109–234, approved June 15, 2006), which appropriates $5.2 billion in CDBG funds for necessary expenses related to disaster relief, long-term recovery, and restoration of infrastructure directly related to the consequences of the covered disasters. These 2006 Acts (collectively “the supplemental Acts”) authorize the Secretary to waive, or specify alternative requirements for, any provision of any statute or regulation that the Secretary administers in connection with the obligation by the Secretary or use by the recipient of these funds or guarantees, except for requirements related to fair housing, nondiscrimination, labor standards, and the environment, upon a request by a state and a finding by the Secretary that such a waiver would not be inconsistent with the overall purpose of the statute. The waiver authorizations differ in that while Public Law 109–148 directs that the Secretary “shall” make the waivers in response to a state’s request and a consistency finding; Public Law 109–234 states that the Secretary “may” make such waivers.

The following waivers and alternative requirements for funds provided under either 2006 Act are in response to requests from the five states receiving CDBG disaster recovery grants under those Acts. In accordance with the states’ earlier requests for administrative consistency to the extent feasible (noted in 71 FR 63337, published October 30, 2006), each waiver or alternative requirement will apply to assistance provided under either Act.

The Secretary finds that the following waivers and alternative requirements, as described below, are not inconsistent with the overall purpose of Title I of the Housing and Community Development Act of 1974, as amended, or the Cranston-Gonzalez National Affordable Housing Act, as amended.

Under the requirements of the Department of Housing and Urban Development Act, as amended (42 U.S.C. 3535(q)), regulatory waivers must be published in the Federal Register. Further, under the supplemental Acts, the Secretary must publish, in the Federal Register, any waiver of any statute or regulation that the Secretary administers pursuant to Title I of the Housing and Community Development Act of 1974, no later than 5 days before the effective date of such waiver.

Except as described in this and other notices applicable to these grants, statutory and regulatory provisions governing the CDBG program for states, including those at 24 CFR part 570, shall apply to the use of these funds. In accordance with the 2006 Acts, HUD will reconsider every waiver in this Notice on the 2-year anniversary of the day this Notice is published.

Waiver Justification

In general, waivers already granted to the States of Alabama, Florida, Louisiana, Mississippi, and Texas and alternative requirements already specified for CDBG disaster recovery grant funds provided under Public Law 109–148 and Public Law 109–234 apply. The notices in which these Acts, HUD waivers and alternative requirements appear are shown in the table below.

The provisions of this Notice do not apply to funds provided under the regular CDBG program or other HUD or federally funded programs. The provisions provide additional flexibility in program design and implementation and implement statutory requirements unique to these appropriations.

Section 414 of the Stafford Act

The states have requested a waiver of section 414 of the Robert T. Stafford Disaster Relief and Emergency

former dwelling is acquired, rehabilitated, or demolished for a covered program or project initiated within 3 years after the disaster, even though the actual displacements were caused by the effects of the disaster. To the extent practicable, such relocation assistance must be offered in a manner consistent with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and its implementing regulations, except as modified by prior waivers and alternative requirements granted to the States.

2. Re-housing Plan. If the state determines that the first alternative would substantially conflict with meeting the disaster recovery purposes of the supplemental Acts, the grantee may establish a re-housing plan for a covered program or project initiated within 3 years after the disaster. Such a determination must be made on a program or project basis (not person or household). The re-housing plan must include, at minimum, the following:
   i. A description of the class(es) of persons eligible for assistance, including all residents displaced from their residences by certain enumerated or all effects of the covered disaster, and including all disaster-displaced residents still receiving temporary housing assistance from FEMA for the covered disasters;
   ii. A description of the types and amount of financial assistance to be provided, if any;
   iii. A description of other services to be made available, including, at minimum, outreach efforts to eligible persons and housing counseling that provide information about available housing resources;
   iv. Contact information for additional program information;
   v. A description of any applicable application process, including any deadlines; and
   vi. If the program or project covered by this waiver involves rental housing, the grantee shall establish procedures for the following:
      A. Application materials, award letters, and operating procedures that require property owners to make reasonable attempts to contact their former tenants and to offer a unit upon completion to those tenants meeting the program's eligibility requirements;
      B. Placement services for former and prospective tenants; and
      C. A public registry of available rental units assisted with CDBG disaster recovery and/or other funds.
   c. Eligible Project Costs. The cost of relocation assistance and the re-occupancy plan are eligible project costs in the same manner and to the same extent as other projects costs authorized under the supplemental Acts. For covered programs or projects involving affordable rental housing, the relocation and planning costs required by this Notice may be paid from funds reserved for the affordable rental housing stock in the impacted areas under Public Law 109–234.

2. Information collection approval note. The information collection requirements contained in this Notice have been approved by the Office of Management and Budget (OMB), in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), and assigned OMB control number 2506–0165. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, nor is a person required to respond to, a collection of information, unless the collection displays a valid control number.
