Medtronic, Inc. Cardiovascular Division, Santa Rosa, CA; Notice of Affirmative Determination Regarding Application for Reconsideration

On August 7, 2007, the U.S. Department of Labor (Department) received a request for administrative reconsideration of the Department's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers and former workers of the subject firm. The negative determination was issued on July 19, 2007. The Department's Notice of determination was published in the **Federal Register** on August 2, 2007 (72 FR 42436). Workers produce cardiovascular stents.

The determination was based on the Department's findings that, during the relevant period, the subject firm did not import cardiovascular stents or shift production of cardiovascular stents overseas. The Department did not conduct a survey to determine whether the subject firm's major declining customers had increased their imports of stents because all of the stents produced at the subject firm were sold to a foreign firm.

In the request for reconsideration, workers alleged that the subject firm shifted "medical device production" overseas.

The Department has carefully reviewed the workers' request for reconsideration and has determined that the Department will conduct further investigation.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 16th day of August 2007.

Elliott S. Kushner,
Certifying Officer, Division of Trade Adjustment Assistance.

Randstad Inhouse Services On-Site Leased Workers at Maytag Corporation, Newton, IA; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on March 26, 2007 in response to a petition filed on behalf of workers of Randstad Inhouse Services, on-site leased workers at Maytag Corporation, Newton, Iowa.

The petitioning group of workers is covered by an active certification (TA-W-60,515 as amended) which expires on December 26, 2008. Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC this 14th day of August 2007.

Richard Church,
Certifying Officer, Division of Trade Adjustment Assistance.

Sun Chemical Corporation, Winston-Salem, NC; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on June 19, 2007, in response to a worker petition filed by the State Workforce Employment Analyst on behalf of

workers at Sun Chemical Corporation, Winston-Salem, North Carolina.

The Department issued a negative determination (TA-W-59,818) applicable to the petitioning group of workers on September 28, 2006. No new information or change in circumstances is evident which would result in a reversal of the Department's previous determination. Consequently, further investigation would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC, this 13th day of August, 2007.

Richard Church,
Certifying Officer, Division of Trade Adjustment Assistance.

Temco Metal Company Including On-Site Leased Workers of Express Personnel, Clackamas, OR; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on June 12, 2007, applicable to workers of Temco Metal Company, Clackamas, Oregon. The notice was published in the **Federal Register** on June 28, 2007 (72 FR 35516).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of fuel tank components and accessories for class 8 trucks.

New information provided by the State agency representative shows that leased workers of Express Personnel were employed on-site at the

Clackamas, Oregon location of Temco Metal Company. The Department has determined that the Express Personnel workers were sufficiently under the control of Temco Metal Company to be considered leased workers.

Based on these findings, the Department is amending this certification to include temporary workers of Express Personnel working on-site at the Clackamas, Oregon location of the subject firm.

The intent of the Department's certification is to include all workers at Temco Metal Company, Clackamas, Oregon who were adversely affected as an upstream supplier for a trade certified primary firm.

The amended notice applicable to TA-W-61,418 is hereby issued as follows:

All workers of Temco Metal Company, including on-site leased workers of Express Personnel, Clackamas, Oregon, who became totally or partially separated from employment on or after April 27, 2006, through June 12, 2009, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974.

Signed at Washington, DC this 14th day of August 2007.

Richard Church,

Certifying Officer, Division, of Trade Adjustment Assistance.

BILLING CODE 4510-FN-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received under the Antarctic Conservation Act of 1978, Public Law 95-541.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by September 26, 2007. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Nadene G. Kennedy at the above address or (703) 292-7405.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

The applications received are as follows:

1. *Applicant:* Brent S. Stewart, Senior Research Biologist, Hubbs-SeaWorld Research Institute, 2595 Ingraham Street, San Diego, CA 92109. Permit Application No. 2008-013.

Activity for Which Permit Is Requested: Take and Import into the USA. The applicant plans to capture, tag, collect blood and tissue samples, and photograph up to 50 each of Ross, Crabeater, Weddell and Leopard seals. The samples will be taken to the U.S. for further study and analysis. The aim of the research is on ice-associated Antarctic phocid carnivores is to collect basic information on the reproductive biology and behavior, disease and pathology, populations genetics, immunogenetics, foraging ecology and seasonal migrations and distribution of these species.

Location: Sea ice habitats of the western Bellingshausen, Amundsen and eastern Ross seas.

Dates: September 1, 2007 to 31 October 2008.

2. *Applicant:* Mahlon C. Kennicutt, II, Director Sustainable Development, Texas A&M University, 1112 TAMU, College Station, TX 77843-112. Permit Application No. 2008-014.

Activity for Which Permit Is Requested: Take and enter an Antarctic Specially Protected Area (ASPA). The applicant proposes to visit Cape Bird, and enter Hut Point (ASPA 158) and Arrival Heights (ASPA 122) to collect soil samples and permafrost measurements. These sites are specifically targeted because of the nature of their geology, climatic influences and topography. One site has been chosen as a reference control area

for the study of temporal and spatial scales of various types of disturbances in and around McMurdo Station, Antarctica. Arrival Heights has been sampled in past seasons and is slated to be sampled as part of the ongoing environmental monitoring program.

Location: Cape Bird, Hut Point (ASPA 158) and Arrival Heights (ASPA 122), Ross Island.

Dates: November 17, 2007 to December 31, 2007.

3. *Applicant:* Jill P. Zamzow, Biology Department, University of Alabama, Birmingham, AL 35294. Permit Application No. 2008-015.

Activity for Which Permit Is Requested: Take and Introduce Non-indigenous Species into Antarctica. The applicant proposes to use frozen fish bait (*Sardinops sagax*, *Scomber japonicus*, and *Trachurus symmetricus*) to catch Antarctic fish (*Notothenia coriiceps*). The captured fish will be used for gut-content surveys.

Location: Vicinity of Palmer Station, Antarctica.

Dates: February 1, 2008 to July 1, 2008.

4. *Applicant:* Brent S. Stewart, Senior Research Biologist, Hubbs-SeaWorld Research Institute, 2595 Ingraham Street, San Diego, CA 92109. Permit Application No. 2008-017.

Activity for Which Permit Is Requested: Take. The applicant proposes to document the breeding behaviors of Ross seals, Crabeater seals, Weddell seals and Leopard seals by direct observation, photo-documentation, and in-air and underwater recordings of vocal activity. The approach will be to observe and record these animals from a distance where incidental disturbance to them will be avoided or minimized and brief.

Location: Western Amundsen, Bellingshausen and eastern Ross seas, Antarctica.

Dates: September 1, 2007 to November 1, 2007.

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.
