

park would provide a core message and experience for all visitors that are primarily immersive and focus on the encampment and the American Revolution. A self-discovery approach would illustrate additional areas of the park, as well as historical and natural resources themes and topics.

The Draft GMP/EIS was available for public and agency review from November 3, 2006 through April 10, 2007. Copies of the document were sent to individuals, agencies, organizations, and local libraries. The document was also made available for review at the park and on the NPS Planning, Environment, and Public Comment Web site (<http://parkplanning.nps.gov>). Public meetings were held on February 21 and 22, 2007. Eight presentations of the plan were made to civic and interest groups and local governments.

**DATES:** The National Park Service will execute a Record of Decision (ROD) no sooner than 30 days following publication by the Environmental Protection Agency of the Notice of Availability of the Final Environmental Impact Statement.

#### General Management Plan/Wilderness Study, Final Environmental Impact Statement, Great Sand Dunes National Park and Preserve, Colorado

**AGENCY:** National Park Service, Department of the Interior.

**ACTION:** Notice of availability of a record of decision on the Final Environmental Impact Statement for the General Management Plan/Wilderness Study, Great Sand Dunes National Park and Preserve.

**SUMMARY:** Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of the Record of Decision for the General Management Plan, Great Sand Dunes National Park and Preserve, Colorado. On July 19, 2007, the Regional Director, Intermountain Region approved the Record of Decision for the project. As soon as practicable, the National Park Service will begin to implement the Preferred Alternative contained in the FEIS issued on June 15, 2007. The NPS preferred alternative was developed with substantial public, interagency, and staff participation between 2002 and 2006. The NPS preferred option includes options for new trails to allow for dispersed hiking and horseback riding and educational opportunities on the expansion lands. Cooperative or joint facilities, such as future access routes and trailheads with the U.S. Forest Service, U.S. Fish and Wildlife Service, and private partners are emphasized. A large portion of the park expansion lands was studied and will be recommended for future wilderness designation. Additional wilderness in the Great Sand Dunes National Park was very popular with the public.

This course of action and three alternatives were analyzed in the Draft and Final Environmental Impact Statements. The full range of foreseeable environmental consequences was assessed, and appropriate mitigating measures were identified.

The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, a finding of no impairment of park resources and values, a listing of measures to minimize environmental harm, an overview of public involvement in the decision-making process, and a Statement of Findings.
