

Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 13, 1997), because it approves a tribal rule implementing a Federal standard.

In reviewing TIP submissions, EPA's role is to approve tribal choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the Tribe to use voluntary consensus standards (VCS), EPA has no authority to disapprove a TIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a TIP submission, to use VCS in place of a TIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*)

#### SUPPLEMENTARY INFORMATION:

##### A. Background

This proposed rule implements Section 819 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109-163). Section 819 authorizes DoD to use an evaluation factor that considers whether an offeror intends to perform a contract using employees or individual subcontractors who are members of the Selected Reserve and requires offerors to submit documentation supporting any stated intent to use such employees or subcontractors.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

##### B. Regulatory Flexibility Act

DoD does not expect this proposed rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because use of the evaluation factor is discretionary and is not expected to affect a significant number of acquisitions. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2006-D014.

##### C. Paperwork Reduction Act

This proposed rule contains a new information collection requirement. DoD has submitted the following proposal to the Office of Management and Budget (OMB) under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of DoD, including whether the information will have practical utility; (b) the accuracy of the estimate of the burden of the proposed information
