

FOR FURTHER INFORMATION CONTACT:

Jennifer Skidmore or Amy Sloan,
(301)713-2289.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant is requesting authorization for the receipt, import and export of teeth and prepared microscope slides obtained from seal and sea lion species, expect walrus (Order Pinnipedia). The Matson Laboratory provides age related data to researchers and biologists. Age data are used in population modeling, with age structure an indicator of population condition. Teeth are sent to the laboratory for cementum age analysis. The number of teeth varies depending upon the nature of the project, from a single tooth to several hundred from a legal harvest; no more than 2000 teeth will be analyzed annually. Import and export authority is requested for all locations wherever pinnipeds occur and are the subject of government-authorized research and/or harvest. Principally, these locations are expected to be those within the jurisdiction of the Government of Canada. There will be no incidental takes of non-target species. A permit is requested for five years.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: September 6, 2007.

P. Michael Payne,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

RIN: 0648-XC25

Pacific Fishery Management Council; Public Meeting/Workshop

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: A Groundfish Stock Assessment Review (STAR) Panel will hold a work session which is open to the public. The STAR Panel will review new assessments for the southern portion of the black rockfish stock and blue rockfish off California, as well as rebuilding analyses for seven overfished West Coast rockfish species.

DATES: The STAR Panel meeting will begin at 12:30 p.m. on October 1, 2007 and will continue through October 5, 2007. The meeting will start at 8:30 a.m. each day (except October 1, when the panel convenes at 12:30 p.m.) and end at 5 p.m. each day, or as necessary to complete business.

ADDRESSES: The STAR Panel meeting will be held at the NOAA Western Regional Center's Sand Point Facility, Building 4, Jim Traynor Seminar Room, 7600 Sand Point Way N.E., Seattle, WA 98115-6349.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Ms. Stacey Miller, Northwest Fisheries Science Center (NWFS); telephone: (206) 437-5670; or Mr. John DeVore, Pacific Fishery Management Council; telephone: (503) 820-2280.

SUPPLEMENTARY INFORMATION: The purpose of the STAR Panel meeting is to review draft stock assessments for the southern portion of the black rockfish stock in waters off California and Oregon, the blue rockfish stock in waters off California, and draft rebuilding analyses for bocaccio, canary rockfish, cowcod, darkblotched rockfish, Pacific ocean perch, widow rockfish, and yelloweye rockfish; work with the Stock Assessment Teams and rebuilding analysis authors to make necessary revisions; and produce STAR Panel reports for use by the Council family and other interested persons. No management actions will be decided by this STAR Panel. The STAR Panel's role will be development of recommendations and reports for

consideration by the Council at its November meeting in San Diego, CA.

Although non-emergency issues not contained in the meeting agenda may come before the STAR Panel participants for discussion, those issues may not be the subject of formal STAR Panel action during these meetings. STAR Panel action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the STAR Panel participants' intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at (503) 820-2280 at least 5 days prior to the meeting date.

Dated: September 6, 2007.

Tracey L. Thompson,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
