

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) has submitted a request for a new information collection to the Office of Management and Budget (OMB) for approval.

DATES: The OMB is required to respond to this request within 60 days but may respond after 30 days. Submit your comments to OMB at the address below by October 12, 2007 to receive maximum consideration.

ADDRESSES: Send comments to the OMB, Interior Department Desk Officer (1004-XXXX), at OMB-OIRA via e-mail OIRA_DOCKET@omb.eop.gov or via facsimile at (202) 395-6566. Also please send a copy of your comments to BLM via Internet and include your name, address, and ATTN: 1004-XXXX in your Internet message to comments_washington@blm.gov or via mail to: U.S. Department of the Interior, Bureau of Land Management, Mail Stop 401LS, 1849 C Street, NW., ATTN: Bureau Information Collection Clearance Officer (WO-630), Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: You may contact Shirlean Beshir to obtain copies and explanatory material on this information collection at (202) 452-5033. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) on 1-800-877-8330, 24 hours a day, seven days a week, to contact Ms. Beshir.

SUPPLEMENTARY INFORMATION: On November 21, 2006, the BLM published a notice in the *Federal Register* (71 FR 63764) requesting comments on the information collection. The comment period closed on January 22, 2007. The BLM did not receive any comments.

We are soliciting comments on the following:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(b) The accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(c) Ways to enhance the quality, utility, and clarity of the information collected; and

(d) Ways to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

Title: Alternative Futures for the Upper Las Vegas Wash Survey.

OMB Control number: 1004-XXXX.

Abstract: The information from the social survey will be used by Utah State University, along with soils, biological, and resource damage information, in an alternative futures model that will predict human impacts to sensitive resources within the Upper Las Vegas Wash as adjacent development expands. The alternative futures model will assist the BLM with understanding the potential impacts to the landscape resulting from different land use decisions and implementing effective program that protect the sensitive resources in the Upper Las Vegas Wash.

Burden Estimate per Form: We estimate 30 minutes to complete this survey.

Annual Responses: 600.

Application Fee per Response: 0.

Annual Burden Hours: 300.

Dated: September 6, 2007.

Shirlean Beshir,

Bureau of Land Management, Information Collection Clearance Officer.

BILLING CODE 4310-84-M

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c) (2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "National Longitudinal Survey of Youth 1979." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual

listed in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before November 13, 2007.

ADDRESSES: Send comments to Amy A. Hobby, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212, 202-691-7628. (This is not a toll free number.)

FOR FURTHER INFORMATION CONTACT: Amy A. Hobby, BLS Clearance Officer, 202-691-7628. (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The National Longitudinal Survey of Youth 1979 (NLSY79) is a representative national sample of persons who were born in the years 1957 to 1964 and lived in the U.S. in 1978. These respondents were ages 14-22 when the first round of interviews began in 1979; they will be ages 43 to 50 when the planned twenty-third round of interviews is conducted from January 2008 to January 2009. The NLSY79 was conducted annually from 1979 to 1994 and has been conducted biennially since 1994. The longitudinal focus of this survey requires information to be collected from the same individuals over many years in order to trace their education, training, work experience, fertility, income, and program participation.

In addition to the main NLSY79, the biological children of female NLSY79 respondents have been surveyed since 1986, when the National Institute of Child Health and Human Development began providing funding to the BLS to gather a large amount of information about the lives of these children. A battery of child cognitive, socio-emotional, and physiological assessments has been administered biennially since 1986 to NLSY79 mothers and their children. Starting in 1994, children who had reached age 15 by December 31 of the survey year (the Young Adults) were interviewed about their work experiences, training, schooling, health, fertility, and self-esteem, as well as sensitive topics addressed in a supplemental, self-administered questionnaire.

The BLS contracts with the Center for Human Resource Research (CHRR) of the Ohio State University to implement the NLSY79, Child, and Young Adult surveys. Interviewing of respondents is conducted by the National Opinion Research Center (NORC) of the University of Chicago. Among the

objectives of the Department of Labor (DOL) are to promote the development of the U.S. labor force and the efficiency of the U.S. labor market. The BLS contributes to these objectives by gathering information about the labor force and labor market and disseminating it to policy makers and the public so that participants in those markets can make more informed and, thus, more efficient, choices. Research based on the NLSY79 contributes to the formation of national policy in the areas of education, training, employment programs, and school-to-work transitions. In addition to the reports that the BLS produces based on data from the NLSY79, members of the academic community publish articles and reports based on NLSY79 data for the DOL and other funding agencies. The survey design provides data gathered from the same respondents over time to form the only data set that contains this type of intergenerational information for these important population groups. Without the collection of these data, an accurate longitudinal data set could not be provided to researchers and policy makers, and the DOL would not have the data for use in performing its policy and report-making activities.

II. Current Action

The BLS seeks approval to conduct the round 23 interviews of the NLSY79 and the associated surveys of biological children of female NLSY79 respondents. The NLSY79 Child Survey involves three components:

- The Mother Supplement is administered to female NLSY79 respondents who live with biological children under age 15. This

questionnaire will be administered to about 1,300 women, who will be asked a series of questions about each child under age 15. On average, these women each have about 1.26 children under age 15, for a total number of approximately 1,638 children.

- The Child Supplement involves aptitude testing of about 1,450 children under age 15.
- The Child Self-Administered Questionnaire is administered to approximately 900 children ages 10 to 14.

In addition to the main NLSY79 and Child Survey, the Young Adult Survey will be administered to approximately 6,360 youths ages 15 and older who are the biological children of female NLSY79 respondents. These youths will be contacted for an interview regardless of whether they reside with their mothers. The NLSY79 Young Adult Survey involves two components:

- The Young Adult Survey involves testing of about 2,195 youths ages 15 to 20.
- The Young Adult Survey, Grant component is administered to approximately 4,165 youths age 21 and older.

During the field period, about 200 main NLSY79 interviews are validated to ascertain whether the interview took place as the interviewer reported and whether the interview was done in a polite and professional manner.

The BLS has undertaken a continuing redesign effort to examine the current content of the NLSY79 and provide direction for changes that may be appropriate as the respondents enter middle age. Based on the 1998 redesign conference and subsequent discussions, as well as experiences in 2000–2006, the 2008 instrument reflects a number of

content changes recommended by experts in various social science fields and by an internal review of the survey’s content. A full list of the proposed changes to the questionnaire is available upon request. Additions to the questionnaire have been balanced by deletions of previous questions so that the overall time required to complete the survey should remain about the same.

III. Desired Focus of Comments

The BLS is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Revision.

Agency: Bureau of Labor Statistics.

Title: National Longitudinal Survey of Youth 1979.

OMB Number: 1220–0109.

Affected Public: Individuals or households.

Form	Total respondents	Frequency	Total responses	Average time per response (min)	Estimated total burden (hours)
NLSY79 Round 21 Pretest	100	Biennially	100	60	100
Main NLSY79 Survey	7,550	Biennially	7,550	60	7,550
Main NLSY79 Validation Reinterview	200	Biennially	200	6	20
Mother Supplement	1,300	Biennially	1,638	20	546
Child Supplement	1,450	Biennially	1,450	31	750
Child Self-Administered Questionnaire	900	Biennially	900	30	450
Young Adult Survey	2,195	Biennially	2,195	45	1,646
Young Adult Survey, Grant component	4,165	Biennially	4,165	53	3,679
Totals ²	15,460	18,198	14,741

¹ The number of respondents for the Mother Supplement (1,300) is less than the number of responses (1,638) because mothers are asked to provide separate responses for each of the biological children with whom they reside. Since the Mother Supplement is given to children ages 0–14, the number of responses is greater than the Children’s Supplement, which is only given to children ages 4–14 years.

² The total number of 15,460 respondents across all the survey instruments is a mutually exclusive count that does not include: (1) The 200 re-interview respondents, who were previously counted among the 7,550 main survey respondents, (2) the 1,300 Mother Supplement respondents, who were previously counted among the main youth, and (2) the 900 Child SAQ respondents, who were previously counted among the 1,450 Child Supplement respondents.

Total Burden Cost (capital/startup): \$0.

Total Burden Cost (operating/maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 7th day of September 2007.

Kimberley Hill,

Acting Chief, Division of Management Systems, Bureau of Labor Statistics.

BILLING CODE 4510-24-P

DEPARTMENT OF LABOR

Employment Standards Administration

Proposed Extension of the Approval of Information Collection Requirements

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)].

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning its proposal to extend OMB approval of the information collection: Worker Information—Terms and Conditions of Employment (WH-516 English and WH-516 Espanol). A copy of the information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before November 13, 2007.

ADDRESSES: Ms. Hazel M. Bell, U.S. Department of Labor, 200 Constitution Ave., NW., Room S-3201, Washington, DC 20210, telephone (202) 693-0418, fax (202) 693-1451, E-mail bell.hazel@dol.gov. Please use only one

method of transmission for comments (mail, fax, or E-mail).

SUPPLEMENTARY INFORMATION:

I. Background

Various sections of the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 U.S.C. 1801 *et seq.*, require respondents (i.e., Farm Labor Contractors, Agricultural Employers, and Agricultural Associations) to disclose employment terms and conditions in writing to: (1) Migrant agricultural workers at the time of recruitment [MSPA section 201(a)]; (2) seasonal agricultural workers, upon request, at the time an offer of employment is made [MSPA section 301(a)(1)]; and (3) seasonal agricultural workers employed through a day-haul operation at the place of recruitment [MSPA section 301(a)(2)]. See 29 CFR 500.75-.76. Moreover, MSPA sections 201(b) and 301(b) require respondents to provide each migrant worker, upon request, with a written statement of the terms and conditions of employment. See 29 CFR 500.75(d). MSPA sections 201(g) and 301(f) require providing such information in English or, as necessary and reasonable, in a language common to the workers and that the DOL make forms available to provide such information. The DOL prints and makes Optional Form WH-516, Worker Information—Terms and Conditions of Employment, available for these purposes. See 29 CFR 500.75(a), 500.76(a).

MSPA sections 201(a)(8) and 301(a)(1)(H) require disclosure of certain information regarding whether State workers' compensation or state unemployment insurance is provided to each migrant or seasonal agricultural worker. See 29 CFR 500.75(b)(6). For example, if State workers' compensation is provided, the respondents must disclose the name of the State workers' compensation insurance carrier, the name of the policyholder of such insurance, the name and the telephone number of each person who must be notified of an injury or death, and the time period within which this notice must be given. See 29 CFR 500.75(b)(6)(i). Respondents may also meet this disclosure requirement by providing the worker with a photocopy of any notice regarding workers' compensation insurance required by law of the state in which such worker is employed. See 29 CFR 500.75(b)(6)(ii). Form WH-516 is an optional form that allows respondents to disclose employment terms and conditions in writing to migrant and seasonal agricultural workers as

required by the MSPA. Respondents may either complete the optional form and use it to make the required disclosures to the workers or use the form as a written reflection of the information workers may request from employers under the MSPA. Disclosure of the information on this form is beneficial to both parties in that it enables workers to understand their employment terms and conditions, while also providing respondents with an easy way to disclose the information required by the MSPA and the regulations. This information collection is currently approved for use through February 29, 2008.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The DOL seeks the approval for the extension of this currently approved information collection in order to carry out its responsibility to ensure that farm labor contractors, agricultural employers and agricultural associations have disclosed to their migrant and seasonal agricultural workers the terms and conditions of employment as required by the MSPA and its regulations.

Type of Review: Extension of a currently approved collection of information.

Agency: Employment Standards Administration.

Title: Worker Information—Terms and Conditions of Employment.

OMB Number: 1215-0187.

Agency Number: WH-516 English and WH-516 Espanol.

Affected Public: Farms, Individuals or households, Business or other for-profit.
