

a.m. and 4:30 p.m., Washington, DC time, except Saturdays, Sundays, and Federal holidays.

Note for Mail or Hand Delivery of Paper Applications: If you mail or hand deliver your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the CFDA number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

V. Application Review Information

Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 and 34 CFR 386.20 and are listed in the application package.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN). We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. **Administrative and National Policy Requirements:** We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section in this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section in this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to <http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

4. **Performance Measures:** The Government Performance and Results Act (GPRA) of 1993 directs Federal departments and agencies to improve

the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of the Rehabilitation Services Administration's (RSA) Rehabilitation Training: Rehabilitation Long-Term Training program is to increase the number of qualified VR personnel working in State VR agencies or related agencies. A grantee must use at least 75 percent of all grant funds for direct payment of student scholarships. Each grantee is required to track students receiving scholarships and must maintain information on the cumulative support granted to RSA scholars; program completion data for each scholar; dates each scholar's work begins and is completed with regard to the scholar's payback agreement, specifically the remaining number of years of work the scholar is obligated to complete; current home address; and the place of employment of individual scholars.

Grantees are required to report annually to RSA on these data using the RSA Grantee Reporting Form, OMB# 1820-0617, an electronic reporting system. The RSA Grantee Reporting Form collects specific data including the number of RSA scholars entering the rehabilitation workforce, the rehabilitation field each scholar enters, and the type of employment setting each scholar chooses (e.g., State agency, nonprofit service provider, or practice group). This form allows RSA to measure results against the goal of increasing the number of qualified VR personnel working in State VR agencies or related agencies.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8467-9; Docket ID No. EPA-HQ-ORD-2007-0925]

Integrated Science Assessment for Carbon Monoxide

AGENCY: Environmental Protection Agency.

ACTION: Notice; call for information.

SUMMARY: The U.S. Environmental Protection Agency (EPA) Office of Research and Development's National Center for Environmental Assessment (NCEA) is preparing an Integrated Science Assessment (ISA) as part of the review of the National Ambient Air Quality Standards (NAAQS) for Carbon Monoxide (CO). This is intended to update and revise, where appropriate, the scientific assessment presented in the Air Quality Criteria for Carbon Monoxide (EPA 600/P-99/001F), published in June 2000. Interested parties are invited to assist the EPA in developing and refining the scientific information base for the review of the CO NAAQS by submitting research studies that have been published, accepted for publication, or presented at a public scientific meeting.

DATES: All communications and information should be received by EPA by December 14, 2007.

ADDRESSES: Information may be submitted electronically, by mail, by

facsimile, or by hand delivery/courier. Please follow the detailed instructions as provided in the section of this notice entitled **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: For details on the period for submission of research information from the public, contact the Office of Environmental Information (OEI) Docket; telephone: 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov. For technical information, contact Paul Reinhart, PhD, NCEA, telephone, 919-541-1456; facsimile: 919-541-1818 or e-mail: reinhart.paul@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Information About the Project

Section 108(a) of the Clean Air Act directs the Administrator to identify certain pollutants, emissions of which "may reasonably be anticipated to endanger public health and welfare" and whose presence "in the ambient air results from numerous or diverse mobile or stationary sources," and to issue air quality criteria for them. These air quality criteria are to "accurately reflect the latest scientific knowledge useful in indicating the kind and extent of all identifiable effects on public health or welfare which may be expected from the presence of such pollutant in the ambient air * * *." Under section 109 of the Act, EPA is then to establish National Ambient Air Quality Standards (NAAQS) for each pollutant for which EPA has issued criteria. Section 109 (d) of the Act subsequently requires periodic review and, if appropriate, revision of existing air quality criteria to reflect advances in scientific knowledge on the effects of the pollutant on public health and welfare. EPA is also to revise the NAAQS, if appropriate, based on the revised air quality criteria.

Carbon monoxide is one of six principal (or "criteria") pollutants for which EPA has established NAAQS. Periodically, EPA reviews the scientific basis for these standards by preparing an Integrated Science Assessment (ISA), formerly called an Air Quality Criteria Document (AQCD). The ISA and supplementary annexes are the scientific basis for the additional technical and policy assessments that form the basis for EPA decisions on the adequacy of a current NAAQS and the appropriateness of new or revised standards. Early steps in this process include announcing the beginning of this periodic NAAQS review and the development of the ISA, and NCEA requesting that the public submit scientific literature that they want to bring to the attention of the Agency as it begins this process. The Clean Air

Scientific Advisory Committee (CASAC), an independent science advisory committee mandated by the Clean Air Act and part of the EPA's Science Advisory Board (SAB), is charged with independent expert scientific review of EPA's draft ISAs. As the process proceeds, the public will have opportunities to review and comment on draft CO ISAs. These opportunities will also be announced in the **Federal Register**.

The Agency is interested in obtaining additional new information, particularly concerning toxicological studies of effects of controlled exposure to CO on laboratory animals, humans and in vitro systems as well as epidemiologic (observational) studies of health effects associated with ambient exposures of human populations to CO. EPA also seeks recent information in other areas of CO research such as chemistry and physics, sources and emissions, analytical methodology, transport and transformation in the environment, ambient concentrations and effects on public welfare or the environment. This and other selected literature relevant to a review of the NAAQS for CO will be assessed in the forthcoming CO ISA. As part of this review of the CO NAAQS, EPA intends to sponsor a workshop in January 2008 to highlight significant new and emerging CO research, and to make recommendations to the Agency regarding the design and scope of the review for the primary (health-based) CO standards to ensure that it addresses key policy-relevant issues and considers the new science that is relevant to informing our understanding of these issues. In addition, other opportunities for submission of new peer-reviewed, published (or in-press) papers will be possible as part of public comment on the additional draft documents that will be reviewed by CASAC.

II. How To Submit Technical Comments to the Docket at www.regulations.gov

Submit your comments, identified by Docket ID No. EPA-HQ-ORD 2007-0925, by one of the following methods:

- www.regulations.gov: Follow the on-line instructions for submitting comments.
- E-mail: ORD.Docket@epa.gov.
- Fax: 202-566-1753.
- Mail: Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. The phone number is 202-566-1752.
- Hand Delivery: The OEI Docket is located in the EPA Headquarters Docket Center, Room 3334 EPA West Building, 1301 Constitution Ave., NW.,

Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744. Such deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

If you provide comments by mail or hand delivery, please submit three copies of the comments. For attachments, provide an index, number pages consecutively with the comments, and submit an unbound original and three copies.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2007-0925. Please ensure that your comments are submitted within the specified comment period. Comments received after the closing date will be marked "late," and may only be considered if time permits. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at www.regulations.gov, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: Documents in the docket are listed in the www.regulations.gov index. Although listed in the index, some

information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other materials, such as copyrighted material, are publicly available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the OEI Docket in the EPA Headquarters Docket Center.

National Drinking Water Advisory Council: Request for Nominations

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA or Agency) invites all interested persons to nominate qualified individuals to serve a three-year term as members of the National Drinking Water Advisory Council (Council). This 15 member Council was established by the Safe Drinking Water Act (SDWA) to provide practical and independent advice, consultation, and recommendations to the Agency on the activities, functions, policies, and regulations required by the SDWA. The terms of five (5) members expire in December 2007. To maintain the representation required in the statute, nominees for the 2008 Council should represent State and local officials concerned with public water supply and public health protection (3 vacancies), the general public (1 vacancy) and interest groups (1 vacancy). All nominations will be fully considered, but applicants need to be aware of the specific representation needed as well as geographical balance so that all major areas of the U.S. (East, Mid-West, South, Mountain, South-West, and West) will be represented. The current list of members is available on the EPA Web site at <http://www.epa.gov/safewater/ndwac>.

DATES: Submit nominations via U.S. mail on or before October 15, 2007.

ADDRESSES: Address all nominations to Veronica Blette, Designated Federal Officer, National Drinking Water Advisory Council, U.S. Environmental

Protection Agency, Office of Ground Water and Drinking Water (Mail Code 4601-M), 1200 Pennsylvania Avenue, NW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT:

E-mail your questions to Veronica Blette, Designated Federal Officer, bllette.veronica@epa.gov or call 202-564-4094.

SUPPLEMENTARY INFORMATION: *National*

Drinking Water Advisory Council: The Council consists of 15 members, including a Chairperson, appointed by the Deputy Administrator. Five members represent the general public; five members represent appropriate State and local agencies concerned with public water supply and public health protection; and five members represent private organizations or groups demonstrating an active interest in the field of public water supply and public health protection. The SDWA requires that at least two members of the Council represent small, rural public water systems. Additionally, members may be asked to serve on one of the Council's workgroups that are established on an as-needed basis to assist EPA in addressing specific program issues. On December 15 of each year, some members complete their appointment. Therefore, this notice solicits nominations to fill five vacancies with terms ending on December 15, 2010.

Persons selected for membership will receive compensation for travel and a nominal daily compensation (if appropriate) while attending meetings. The Council holds two face-to-face meetings each year, generally in the spring and fall. Conference calls will be scheduled if needed.

Nomination of a Member: Any interested person or organization may nominate qualified individuals for membership. Nominees should be identified by name, occupation, position, address and telephone number. To be considered, all nominations must include a current resume, providing the nominee's background, experience and qualifications.

Dated: September 7, 2007.

Science Advisory Board Staff Office; Notification of Two Public Teleconferences of the Science Advisory Board Committee on Valuing the Protection of Ecological Systems and Services

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces two public teleconferences of the SAB Committee on Valuing the Protection of Ecological Systems and Services (C-VPESS) to discuss components of a draft report related to valuing the protection of ecological systems and services.

DATES: The SAB will conduct two public teleconferences. The public teleconference on October 15, 2007 will begin at 11:30 p.m. and end at 1 p.m. (eastern daylight time). The public teleconference on October 16, 2007 will begin at 1 p.m. and end at 3 p.m. (eastern daylight time).

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning this public teleconference may contact Dr. Angela Nugent, Designated Federal Officer (DFO), via telephone at: (202) 343-9981 or e-mail at: nugent.angela@epa.gov. General information concerning the EPA Science Advisory Board can be found on the EPA Web site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice, consultation, and recommendations to the EPA Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal advisory committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: Background on the SAB C-VPESS and its charge was provided in 68 FR 11082 (March 7, 2003). The purpose of the teleconference is for the SAB C-VPESS to discuss components of a draft advisory report calling for expanded and integrated approach for valuing the protection of ecological systems and services. These activities are related to the Committee's overall charge: to assess Agency needs and the
